VICE CHANCELLOR'S MESSAGE

Dear Prospective Students,

It gives me an immense and great pleasure to welcome you to the University of Sindh, Jamshoro, an institution with a long-standing tradition of academic excellence and service to society. The University of Sindh, as 2nd oldest University of Pakistan for decades has played an important role in providing quality higher education and contributing to the educational and social development of the country and the province.

Our aim is to provide you with opportunities to turn your aspirations into meaningful achievements. We offer a wide range of academic programmes, along with academic counselling and guidance, co-curricular activities, and scholarships for deserving students, particularly those facing financial constraints. We are committed to supporting you throughout your educational journey and helping you make informed decisions about your academic and professional future.

The University has a highly qualified faculty, modern laboratories, well-equipped libraries, and facilities supported by contemporary technologies. These resources provide an environment conducive to learning, research, innovation, and the overall development of students. The University currently offers Seventy-two (72) degree programmes in diverse disciplines. In accordance with the latest HEC Undergraduate Education Policy, Fifth Semester Entry is also offered in Fifty-three (53) disciplines for eligible Associate Degree holders.

We recognize that financial constraints can affect students' access to higher education. Therefore, the University strives to keep education affordable and provides financial assistance to deserving students through various scholarship programmes. During the last three years, approximately Rs. 400 million has been disbursed in scholarships, subject to verification of the final figures. This support has been made possible through various government initiatives and contributions from private donors and other supporting organizations, enabling deserving students to continue their education.

Along with academic education, the University places strong emphasis on the overall development of its students. A range of co-curricular activities, seminars, workshops, and other educational and cultural activities are organized to enhance students' confidence, skills, creativity, and sense of responsibility. We believe that university life should provide opportunities not only for academic learning but also for personal growth and preparation for a successful professional life.

Once again, I warmly welcome you to the University of Sindh, Jamshoro. We look forward to having you as part of our academic community and to supporting you in achieving your educational and career goals.

May Almighty Allah Subhanahu Wa Ta'ala bless you with success and prosperity.

Prof. Dr. Fateh Muhammad Marri
Vice Chancellor

ABOUT THE UNIVERSITY OF SINDH

University of Sindh, the oldest University of the country was constituted under the University of Sindh Act No. XVII of 1947 passed by the Legislative Assembly of Sindh.

From 1947 to 1951, the university functioned solely as an examining body. However, after its relocation in Hyderabad in 1951, it started functioning as a teaching university in pursuit of fulfillment of its charter and mission to disseminate knowledge. The first teaching department, namely the Department of Education, raised to the status of Faculty later, was started in view of the great dearth of trained teachers in the country. The departments of Basic Science disciplines as well as other departments of humanities were gradually commenced by mid-fifties. The Mehran University of Engineering and Technology Jamshoro, Sindh Agriculture University Tando Jam and Shah Abdul Latif University Khairpur remained the sub campuses of the University of Sindh. The Liaquat Medical College Jamshoro, Chandka Medical College Larkana and Peoples Medical College Nawabshah now all independent universities had been affiliated with University of Sindh and the University of Sindh was their examining body.

The development of the present campus, designated as Allama I.I. Kazi Campus, at Jamshoro, about 17 kilometers from Hyderabad started in late 1950's. The Act of 1972 under which the university is presently functioning provided for greater autonomy and representation of teachers.

There are 60 teaching institutes/centres/departments offering degrees in 130 disciplines functioning under various academic faculties. Degree Programmes in some of the disciplines such as Biotechnology and Genetic Engineering, Environmental Science, Law (05 years Degree LLB and 2-Year LLM), Anthropology and Archaeology and Forestry have been added since 2001. The University of Sindh, Laar Campus at Badin started functioning in 2007, Mirpurkhas campus of the university has been launched since January 2010. Dadu Campus of the university is functioning from 2012 Thatta and Larkana Campuses are functioning from 2013. In addition, there are presently more than 74 degree and postgraduate public sector colleges along with 14 Private colleges and 15 Law colleges are affiliated with the university.

Programmes of Studies

The university's teaching departments offer **4-year BS degree** under various faculties such as Faculty of **Arts, Commerce and Business Administration, Education, Islamic Studies, Natural Sciences and Social Sciences**. Degree in Pharmacy (**Pharm-D**) and Bachelor of Law (**D-Juris**) are of five-year duration.

Each faculty works under the Dean appointed by the Chancellor for a term of 3 years. BS 3rd Year degree Programmes generally comprise 2-year duration after Bachelor (Pass) degrees. Students obtaining 4-year Bachelor degrees are taken directly for M.Phil. / MS studies.

The two-year Bachelor (Pass) degree Programmes in Arts, Commerce and Sciences are conducted through various degree colleges affiliated with the University of Sindh.

The LLM and the 05 years Law degree (D. Jur.) classes are conducted in the Institute of Law Located at Metharam Hostel building @ Elsa Kazi Campus, Hyderabad.

Degree Programmes in the **Evening** shift introduced since 2001 include 04 years BS Chemistry, Computer Science, Information Technology, Commerce, Master's degree in Telemedicine, E-Commerce, Multimedia Technology, Business Administration and Public Administration. Postgraduate Diploma in Information Technology and Computer Science.

UNIVERSITY TOWN JAMSHORO AT A GLANCE

Jamshoro, the largest residential campus in the country, is situated about 17 km from Hyderabad on the right bank of River Indus. It was a desolate hilly track until 1955 when it was selected for the establishment of Sindh University Campus. The site was selected to be a university township away from the humdrum of Hyderabad city which lacked room to meet the ambitious expansion programme of the university.

Interestingly, Jamshoro virtually is the gate-way to the Indus Valley – now the world famous for its civilization and rich cultural heritage. The Ranikot Fort is located approximately 70 km to the north of the campus, in the northward continuation of the same hilly track which becomes Laki Ranges merging with the Khirthars northwards. Amri, an important archeological site, lies about 15 km further north. Sehwan, a well-known town, lies 25 km to the north of Amri. Manchar Lake, the largest fresh water lake in the region, is situated to the northwest of Sehwan. Travelling about 150 km north through the Indus plains brings one to the site of Moen-jo-Daro which is the most important archeological discovery of the Valley.

The University of Sindh owns beautiful infrastructure and developed roads throughout its main campus. There are 24 teaching blocks including the largest building of the Faculty of Arts. In addition, there are 60 institutes/departments/centres. Sixteen halls of residence provide accommodation to nearly 2500 male and 1500 female students. There is a separate hostel for postgraduate female students. A beautiful Hyder Bux Jatoti Sports Centre provides indoor games facility, track for athletics and sports grounds. Fatima Jinnah Gymnasium provides Games and Sports facility exclusively for girls. The Institute of Sindhology building, the representation of the cultural heritage of Sindh, adorns the entrance to the campus from the Indus Highway. The magnificent central library building named after Late Allama I. I. Kazi, the first Vice Chancellor of the University of Sindh at Hyderabad. Allama I.I. Kazi conceptualized this campus which serves as a land mark even from a distance. The campus itself has been named after Allama I.I. Kazi as a tribute to this great and visionary scholar.

The residential colony for the faculty and staff of the university provides on-campus residence to about one third of the total employees.

The tree lined roads and greenery developed at the campus has completely transformed the university into a Greenland. The location of the university sharing area with the Mehran University of Engineering and Technology and Liaquat University of Medical and Health Sciences complex in the neighborhood has gone a long way in this transformation to a university township.

The University provides easy accessibility and facilitates in organizing National/ International Conferences, Symposia and Seminars on variety of themes related to all disciplines offered by the university. Inter and intra varsity sports competitions and annual sports meets have become regular features. Our graduates perform excellently in those competitions and win prizes proving their potential and interest. The museum and various art galleries of the Institute of Sindhology attract a large number of visitors. Recently constructed Shaheed Muhtrama Benazir Bhutto Research and Convention Centre is a significant addition to boost applied and academic research.

UNIVERSITY COMMUNITY PARTNERSHIP

The University of Sindh is redirecting its economic and intellectual resources, campuses facilities, affiliated community colleges and other assets to benefit its rural and urban community in many innovative ways. The university is planning to work for economic development and provides needed social services, and also offers technical assistance to community-based organizations and projects. Moreover, it carries out research that provides guidance on solving Problems and creates opportunities for stake-holders to learn from one another and from the community.

Following steps have been taken to create a strong relationship between the University of Sindh and its community.

- ◆ Bursaries, free ship and Scholarships are provided to deserving candidates.
- ◆ Special seats in admission are reserved for students from disadvantaged communities.
- ◆ Courses are taught in community colleges for potential future University students.
- ◆ Visits by university staff and students to schools and colleges are undertaken.
- ◆ University students particularly teacher trainers are sent to the schools and colleges to engage classes and provide mentoring during their B.Ed. training.
- ◆ Personal support through university tutors, student peer mentors; staff helping students to navigate academic and support systems and counseling health and disability services.
- ◆ Financial support including emergency and hardship funds and assistance is provided to poor students.
- ◆ Employment support including job services as teaching assistants and faculty to earn and gain employability skills is given.

In addition to above mentioned steps the University of Sindh manages/organizes following activities every year:

- ◆ Cultural / National days in all campuses as well as in affiliated colleges
- ◆ Blood donations for needy persons
- ◆ Book donations
- ◆ Help and shelter to food/rain affected people at the time of need.
- ◆ Organization of Seminars related to community issues
- ◆ Training for volunteers for social and community work.

DIRECTORATE OF ADMISSIONS

Introduction:

The directorate of admissions was established in the year 1996 to assist the aspirant students seeking admissions to various Bachelor and Master Degree Programmes at the University of Sindh. We, the officers and the supporting staff, at the directorate of admissions are committed to uphold merit and visible transparency in the admission process. In this connection, the admissions are being made through the Pre-Entry Test. To ensure the transparency, the result of the pre-entry test and admission selection lists are displayed publically on notice board and on the official website of the University of Sindh. We, the officers and staff, at directorate of admissions are very clear with our mission to work with full devotion and to provide complete support and guidance to the students throughout their admission process.

The Directorate of Admissions, University of Sindh has introduced following new systems since 2015:

Admission Management System (AMS):

AMS was designed in the year 2015 for admission of prospective students with new feature that is the selection of multiple degree programmes (called choices) under single admission form. Further it is a Network based Enterprise System that manages various statistical data reports, financial reports, selection lists, final admission lists and printing of Smart Student Identity Cards.

Online Admission Form Addition to AMS

Online Admission Form was designed and implemented from the year 2016 for the admission to Bachelor and Master Degree programmes. Using this feature, the prospective students can submit their personal information,

educational information, applied choices and the choice of campus from home etc. through the official website <https://usindh.edu.pk>.

Challan Management System (CMS) Addition to AMS:

From year 2016 and onwards, computer generated admission challans were issued to the students of next higher classes and the fresh students selected in various Bachelor or Master Degree Programmes of Morning and Evening sessions. Since 2016, all computer generated admission fee challans contain a unique QR code which makes the process of compiling the paid fees challans and saving data in database through QR code reader/scanner easier.

In addition to that from the academic year 2019 and onwards, the feature of submitting online admission forms along with uploading the scanned copies of the required documents, facility of downloading e-copy of the pre-entry test admit cards have also been incorporated in AMS.

From 2022 in order to facilitate the students of passing out batches, we are determined to issue the computerized clearance Certificate (No Dues Certificate on account of admission fees) and e-copy of fees payment statement for the verification purpose etc.

SINDH UNIVERSITY TESTING CENTRE (SUTC)

Introduction:

The testing centre for admissions and employment of the University of Sindh was established in the year 2001 under the umbrella of Institute of Mathematics and Computer Science. In 2009, it was renamed as Sindh University Testing Centre (SUTC). SUTC has the credit to be the first public sector university testing centre. The main task of SUTC is to conduct pre-entry tests for admissions to various degree programmes of the University of Sindh as well as for employment for various cadres in the University of Sindh. In order to run the affairs of the SUTC in a consistent, transparent and reliable manner and to ensure the merit, integrity, credibility, and reliability, SUTC has its own policy and standard operating procedures (SOPs). The policy has been approved by the syndicate.

An Executive Committee of the SUTC consisting of Pro-Vice Chancellors of various campuses, members of the syndicate, deans of various faculties and senior professors, chaired by Vice Chancellor, supervises pre-admission test.

All these tests are conducted using Optical Mark Reader (OMR) answer sheets and assessment is done using latest Japanese OMR Machines that can scan 11000 OMR sheets per hour.

In order to maintain accuracy and transparency, the assessment process of the OMR answer sheets starts soon after the completion of the test hours and announce the test results on the same day. The highly qualified, experienced and trained staff is engaged in the entire testing processes.

SUTC has capability to conduct the test of around 200,000 (0.2 million) candidates simultaneously in all districts of Sindh.

- SUTC conducts MCQ Types tests for:
 - Recruitment of Lecturers, Teaching Assistants and Administrative Staff
 - University-Based GAT/GRE (Subject) for PhD programs
 - Pre-Entry Test for admissions of MS/MPhil/LLM programs
 - Pre-Entry Test for admissions of Bachelor and Master Degree programs

Associate Degree (AD)

An Associate Degree (AD) is a two-year post-higher-secondary school certificate (HSSC) academic degree offered by the universities primarily in market-driven subjects based on local and regional community and industry needs. An Associate Degree Programme is structured to be comprised of four regular semesters over a period of two years and consists of 60-72 credit hours. The AD qualification holder can get admission in the fifth semester of a relevant undergraduate degree Programme.

Exiting from Undergraduate/Equivalent Degree Programme with an Associate Degree

The student must have completed minimum of 60 credit hours in at least four (04) semesters of the undergraduate Programme including general education courses comprised of 30 credit hours. The minimum CGPA is maintained at 2.00/4.00.

The name of the subject field on the degree shall remain the same in which a student was initially enrolled for the undergraduate/equivalent degree Programme. The case of exit from the undergraduate Programme with an Associate Degree is approved by the concerned statutory body of the university.

The option of exit from the undergraduate/equivalent degree Programme with an Associate Degree is not allowed in disciplines accredited under the councils i.e. PM&DC, PNC, PVMC, PEC, PCP, PCATP, PBC, NTC, NCT, NAEAC and NCH.

The option of exit from the undergraduate/equivalent degree Programme with an Associate Degree is allowed in disciplines accredited under the councils i.e. NCEAC, NBEAC and NACTE.

Entry Pathway for Associate Degree Holders

- a) Students having completed AD shall be allowed admission in the fifth semester of the undergraduate/equivalent degree Programme offered in the same discipline without any deficiency course.
- b) Where the disciplines of the AD and the undergraduate/equivalent degree Programme are different, students shall be required to complete deficiency courses through a bridging semester before the fifth semester as determined by the admitting university.
- c) The minimum eligibility for admission in the fifth semester in the above cases is 2.00/4.00 CGPA in the prior qualification i.e., Associate Degree.

Entry Pathway for Conventional Two-Year BA/BSc/Equivalent Degree Holders

- a) Students having completed conventional two-year BA/BSc/equivalent degree Programme s (equivalent to 50 C.H.) shall be allowed admission in the fifth semester of the undergraduate/equivalent degree Programme
- b) Students shall be required to complete deficiency courses (10-12 CH) as determined by the university.
- c) The minimum eligibility for admission in the fifth semester in this case is 45% cumulative score in the prior qualification i.e., conventional two-year BA/BSc/equivalent degree Programme s.

The University of Sindh offers degree Programmes through the teaching institutes/ departments/ centres functioning under the Faculties of Arts, Commerce and Business Administration, Education, Islamic Studies, Law, Natural Sciences, Pharmacy and Social Sciences.

The Programmes and their pre-requisites and requirements for the degree are specified as under:

- (1) The requirement for the BS (04-Years) degree under the **Faculty of Arts** (except Art and Design), **Faculty of Islamic Studies** and **Faculty of Social Sciences** with curricula organised as under:

- A. Compulsory Courses, 4-Semester
i) English
ii) Pakistan Studies
iii) Islamic Studies or Ethics for Non-Muslim
iv) Urdu/ Sindhi/ Additional English in lieu of mother tongue
B. Elective courses- discipline- in which Majoring 8-Semester
C. Supporting Minors: 2 courses (in each semester) 4-Semester

The two supporting Minor courses are to be selected from amongst the under- mentioned Group A and B, one from each group and excluding the discipline offered as Major. The students must give in writing their choice of minor subjects, within one week of commencement of classes, to the Head of the concerned department to which admitted:

Group "A"		Group "B"	
Home Economics	Economics	Health and Physical Education	Psychology
Political Science	International Relations	Sociology	Social Work
Media and Communication Studies	General History	Library and Information Science	Public Administration
English	Sindhi	Philosophy	Muslim History
Urdu	Arabic	Religion	Islamic Culture
Persian	Statistics	Fine Arts	Functional Mathematics
Rural Development Studies		Gender Studies	

The general pre-requisite qualification for admission to the bachelor degree Programmes under these faculties is H.S.C. with Arts/ Science/ Commerce **OR** Home Economics groups.

- (2) For the 4-Year (8- Semester) Bachelor degree Programmes under the **Faculty of Natural Sciences**, the requirement is not more than 146 credit hours, with curricula organised as under:

- A. General Education Requirements, 4-Semester
i) English
ii) Pakistan Studies
iii) Islamic Studies or Ethics for Non-Muslim
iv) General Maths
v) Environmental Science
vi) Statistics and Computer Skills
vii) Civilization
B. i) Elective: **Major** discipline 8-Semester
ii) Supporting Minors, I and II courses during 1st to 4th semester to be offered in consultation with the Director/ Chairperson of the Institute/Department in which majoring, as per combinations listed below:
C. Free choice Elective subjects e.g., Fine Arts, (not yet implemented)
Psychology, Sociology, Philosophy

Note: The students must give in writing their choice of minor subjects, within one week of commencement of classes, to the head of the concerned institute/ department to which admitted.

- (4) For the 05 Years (10 Semesters) **Pharm-D** degree under the **Faculty of Pharmacy**, the minimum requirements are 198 credit hours, with curricula organised as under:

- | | |
|------------------------------|--------|
| a. General Requirements | 11 CH |
| b. Professional Requirements | 187 CH |

The 05 Years (10 Semesters) **Law** degree (**D. Juris**) under the **Faculty of Law**, requirement is 180 CH

- (5) The Faculty of Commerce and Business Administration offer **04 Years (08 Semesters) BS Commerce and BBA (Hons.) Programmes** followed by 02 Years **MS Commerce and MBA (Hons.) Programmes**, equivalent to MS/ M.Phil. in these disciplines.

- | | |
|---|--------|
| i) BS Commerce 08 Semesters Programme | 136 CH |

COURSE DESCRIPTION

The curricula organizations for all the bachelor and master degree programmes under various respective faculties are listed in this section. **Details of the courses are available with the concerned department/ course teachers.** Details of Lab. courses (Practicals/ Fieldwork in Natural and Social Sciences) are also provided with the course teacher concerned.

The relevance of course numbers to the level of programmes has been specified under the section i.e., *Semester Regulations* and is also summarized here for convenience and identification of the level of programme.

a. Bachelor Programmes

- | | |
|----------|--|
| 300-309 | General education/ compulsory courses offered during first and second semester |
| 310-319 | Major discipline courses to be offered during first and second semester |
| 320 | Supporting Minor-I of 04 years BS |
| 350-319 | Supporting Minor courses to be offered during first and second semester |
| 400-409 | Courses offered under 'General education'/ compulsory during third and fourth semester |
| 410-419 | Major discipline courses to be offered during third and fourth semester |
| 420 | Supporting Minor-II of 04 years BS |
| 450-499 | Supporting Minor courses to be offered during third and fourth semester |
| 500-599 | Courses to be offered during fifth and sixth semester of the 04 years/03 years. Bachelor Hons. Programmes including Third Professional Pharm-D and 5-year LLB |
| 600- 699 | 7th and 8th semester of the 04 years Bachelor degree Programmes |
| 700- 799 | 9th and 10th semester Pharm. D. courses of the Final Professional under the Faculty of Pharmacy and for 05 years Law degree Programmes |

b. Bachelor of Education and PEHSS

Bachelor of Education/ Physical Education Health and Sports Science Programme is identified by course nos. **500 to 599**.

c. Masters (4/6 Semesters) Programme

Course numbers **500 to 699** identify **04 semesters** Masters Regular Programmes after 02 years Pass Bachelor degree as well as **06 semesters** Masters Evening Programmes.

- d. Under the **04 semesters** Master Programmes in general and basic sciences disciplines, students will study courses numbered **500- 599** during First year (**Previous, First and Second Semesters**) and courses numbered **600-699** as for (**Final year, Third and Fourth Semester**).

NOTE: Courses for some of the Programmes are not in conformity with the numbering scheme outlined above. The revision of these courses is in hand.

SEMESTER RULES & REGULATIONS

Duration of Semester

Total No. of Credit Hours (Minimum)	124*
Total No. of Credit Hours (Maximum)	140*
Semester Duration	Minimum of 16 weeks of teaching excluding examinations
Course Duration	Minimum of 8 /10 semesters (4 years/ 5 years as per Accreditation body *) Maximum time limit of 6/7 years, further extendable for one year with the approval of Statutory Bodies
Summer Session	For deficiency/failure/repetition of maximum 2 courses of 03 credits each, Professional programmes like Education, medicine and those requiring Clinical work can offer max 6-9 credit hours.
Course Load per Semester for Regular Full-Time Students	15-18 Credit Hours
* Minimum of 160 and Maximum 180-above Credit hours for 5-year degree programme **Subject to meeting the requirements of the respective Accreditation Councils to meet the International Standards for Credit Hours required.	

Duration of Graduate Programmes

- a) The Graduate (Masters) Degree programmes offered under this Code OR of the university catalogue OR university website include all programmes where the minimum prerequisite is Bachelor (Pass or 3-years Honours) degree.

- b) The Master's (graduate) programme after Honours is of one year (two semesters) duration with the Bachelor (Pass) degree background. The programme is of 2 years (Four Semester) duration.
- c) Research degree i.e., MS.Com. (Hons), MBA (Hons), MS/M. Phil. programme is also of two years (4-semester) duration with the first year assigned for coursework and Research Study that is, thesis or dissertation work, mainly during the second year.
- d) Similarly, PhD programme is of a minimum of three years of study with one year (1 & 2 Semesters) assigned to the coursework of 18-CH, while research study on the approved topic leading to thesis preparation is undertaken during the second and third year onward after clearance of comprehensive exam and formal enrolment to candidacy.

CREDIT HOURS FOR UNDERGRADUATE AND GRADUATE DEGREES

- a) A credit hour means teaching/learning a theory course for one hour each week throughout the semester.
- b) One credit hour in the laboratory or practical work/project would require lab contact of three hours per week throughout the semester.
- c) The credit hours are denoted by two digits within brackets with a hyphen/plus in between. The first digit represents the theory part while the second (right side) digit represents the practical.
- d) Thus 3(3+0)/3(3-0) means three credit hours of theory, while 4(3+1)/4(3-1) means a total of four credit hours, of which three are of theory while one credit hour is for laboratory/studio work/field work/practical work supervised and graded by the faculty, and 4(1+3)/4(1-3) means a total of four credit hours, of which one is of theory while three credit hours are for laboratory/studio work/field work/practical work as per the requirement of disciplines.

Numbering of Courses

- The courses listed under various programmes have been numbered as under. The notation prefixed with the numbers would indicate the discipline e.g., IR for International Relations
- 300-309 'General education'/ compulsory courses offered during the first & second semesters.
- 310-319 Major discipline courses to be offered during the first & second semesters.
- 320-330 & 350-399 Supporting Minor courses to be offered during the First & Second semester respectively.
- 400-409 Courses offered under 'General education'/ compulsory during third & fourth semester.
- 410-419 Major discipline courses to be offered during the third & fourth semesters.
- 420-430 & 450-499 Supporting Minor courses to be offered during the Third & Fourth semester.
- 500-599 Major discipline courses to be offered during the fifth & sixth semesters of B.A./B.Com./B.B.A. Hons. programmes and BS Part-III courses.
- 500-599 Courses to be offered during first & second semester of Master's (Pass) degree programme after Bachelor Pass Degree and 1st & 2nd semester of B.Ed./ B.H.P.Ed./ P.G.D. programmes.
- 600-699 Courses to be offered for the 7th & 8th Semester of the 4-year Bachelor programme were offered and or 4th-yr of Pharm-D.
- 600-699 Courses to be offered for the First & Second semesters of Masters programmes after Honours degree as pre-requisite and Third & Fourth Semesters with Bachelor (Pass) background as well as BS Final (7 & 8th) Semesters.
- 700-799 Courses to be offered for first & second semester (5th-yr.) of Pharm-D, also Arts & Design programmes after 8-semester Bachelor degree.

COURSE LAYOUT

A. COURSE LAYOUT FOR UNDERGRADUATE PROGRAMMES (124-140 CREDIT HOURS)

- All undergraduate degree programmes are composed of 124 to 140 Credit Hours in which (124 represents the minimum and 140 represents the maximum credit hours required to be completed).
- Minimum of 160 credit hours for 5-year degree programme subject to meeting the requirements of the respective Accreditation Councils
- In undergraduate degree programmes, major courses are classified into two categories.

Foundation or core courses

Elective (courses from the area of specialization/major study)

- 78-87 credit hours must be earned by taking a sequence of introductory, intermediate and advanced level courses prescribed for the major area of concentration means foundation and elective (courses of the area of specialization).

For Social and Basic Sciences

The courses for Social and Basic Sciences disciplines will consist of 60-65% of the curriculum towards the discipline-specific areas.

For Engineering/Technology Programmes

While for the Engineering/technology programme these will consist of 65-70% of the curriculum towards the discipline-specific areas of concentration as required by **Accreditation Councils**.

- All Undergraduate programmes have a required component of 8-9 courses of 22-25 credits of General Education.
- The university will follow the HEC policy regarding weightage for major subjects that means foundation and elective (courses of the area of specialization), compulsory and related subjects as per template/framework available on HEC.
- An undergraduate degree programme usually includes theory courses, community work/thesis/research report/project and internship.

Theory: A theory course is of 03 to 04 credit hours as per the requirement of the discipline.

Course	Duration of Class
Theory Course of 03 Credit Hours	3 classes of 01 hour each per week Or 2 classes of 1.5 hour each per week Or 1 class of 03 hours per week
Practical (Lab)Work/Field Work of 01 Credit Hour	03 hours per week

Project: Every student should write a project report/thesis/research report/project/ internship in the final year up to maximum of 06 credit hours individually on a research topic approved by the faculty.

Internship: Students should be encouraged to do internship in a relevant academic, research or business organization relating to the discipline chosen for the specialization of maximum of 03 credit hours offered in any upper division semester as per the requirement of discipline.

h) The credit hours for Bachelor programmes are generally assigned as under;

- I. English and other 'General Requirements' courses 2/3 C.H. each course
- II. All supporting minor courses in Arts 3 C.H. each course
- III. All supporting minor courses in Science Theory Lab. (Practical) 2+1 C.H. each course
- IV. All courses pertaining to the discipline in which Majoring
- V. For Arts, Commerce & Business Studies, Islamic Studies & Social Sciences. 3/4 C.H. each course
- VI. For Natural Science disciplines, Theory 3/4 C.H. each course Lab. (Practical) 1 C.H. each course

B. COURSE LAYOUT FOR VARIOUS MASTER DEGREE/DIPLOMA PROGRAMMES

- i. MBA 4/6 Semester Morning/Evening 72-69 C.H.
- ii. Postgraduate (Post Bachelor) Diploma in Information Technology, Computer Science, Electronics, Telecommunications, Software Engineering, Archives, Community Work, Lib. And Information Science, Local Government and Public Administration 38-40 C.H.

All master level or graduate (theory) courses are generally assigned 3 to 4 C.H. weightage.

SPRING/FALL SEMESTER

There will be two regular semesters (Spring and Fall) in an academic year. The spring/fall semesters will spread over 16-18 weeks (inclusive of 1 – 2 weeks for exams). The summer semester will be of 8 – 9 weeks of concentrated study for completing remedial course work. Following is the break-up;

1. Teaching duration of Spring semester	16 Weeks
2. Conduct of Mid Semester Exam	01 Week
3. Preparation for final Spring Semester Exam	01 Week
4. Conduct of final Spring Semester Exam	02 Weeks
10. Semester Break	01 Week
5. Summer Break / Summer Semester	08 Weeks
6. Teaching duration of Fall Semester	16 Weeks
7. Conduct of Mid Semester Exam	01 Weeks
8. Preparation for final Fall Semester Exam	01 Week
9. Conduct of final Fall Semester Exam	02 Weeks
10. Semester Break	01 Week
12. Winter Break	02 Weeks
TOTAL	52 WEEKS

COURSE LOAD FOR FALL AND SPRING SEMESTERS

Undergraduate Students

- An undergraduate programme of instruction generally includes a 15-18 credit hours course load including exams in a regular semester. The required course load for a full-time undergraduate is a minimum of 15 credit hours per semester.
- In case, any student wishes to enroll in one more course beyond 18 C.H s/he may be allowed by an institution in either of the two cases—
- If his/her CGPA is above 3.5 and
- The student needs the course to graduate on time.

ENROLLMENT/REGISTRATION IN COURSES

- The departments/institutes/campuses will assign an advisor to each student on admission. The advisor and the student together will develop a flexible comprehensive plan of study that will be implemented each semester. The advising file will be updated after each semester and will include copies of transcripts and GPA earned.
- Students are required to choose the courses they wish to enroll in, prior to the start of a semester with the advice of an advisor. For this purpose, the university will publish a schedule for the enrollment of students. The students may make any change (add/drop) in the courses they are taking within the second week of the semester and record the changes in the Advisor file and office of the registrar. No drop and add will be allowed after the third week of the semester.
- A student who wishes to add or drop a course or change a section of a course after registration must complete the relevant procedure as prescribed by the university.
- Students may be allowed to withdraw from a course during the 4-6 weeks of the semester. In such a case, the transcript shall record that the student enrolled in the course and withdrew.
- Consequently, grade W will be awarded to the student which shall have no impact on the calculation of the CGPA of the student.
- A student withdrawing after the 6th week shall be automatically awarded "F" grade which shall count in the GPA and stay on the transcript.
- HEC policy regarding two degrees is available and already circulated in HEIs.

REPEATING COURSES / IMPROVEMENT OF CGPA

- If a student gets 'F' grade, s/he will be required to repeat or improve the course or its recommended alternate, if any. However, "F" grade obtained earlier will also be recorded on the transcript.
- Undergraduate students may be allowed to repeat a course in which s/he has obtained a grade below "C". In such a case, both the previous and new grade obtained will be recorded on the transcript. However, only the better grade shall be used in the calculation of CGPA. The Institution may define the maximum number (<6) of courses that students may be allowed to repeat in an eight-semester degree programme.
- A graduate student (MS/MPhil) with a 'C' grade can repeat the course if s/he desires to improve the grade. Each Institution may define the maximum number of courses (<3) that a student may repeat at the graduate level. In such a case, both the course and the grade obtained will be recorded on the transcript. However, only the better grade shall be calculated in the CGPA.
- In case of CGPA improvement, it would be recorded with (Imp) on the transcript.

ATTENDANCE

- Attendance in classes is mandatory, especially in a semester system.
- Overall minimum of 75 % attendance in a programme is required to appear in the examination of that programme (Condonation may be limited to 70%).
- The instructor may report a student's absences and the student may be placed on attendance probation by his/her dean/HoD and it will be notified by the department.
- A student may be dropped from the university for violating the terms of such probation.
- Attendance and other academic requirements (Sindh University Code 2013-14, pp.294).

EXAMINATION

- In each semester, students may be required to appear in quizzes, tests, midterms, final examinations, presentations (individual/group), group discussions, and submit projects/assignments/lab reports etc. These assessment marks (to be determined by the teacher concerned) will have different weightage contributing toward the overall assessment in percent marks. This weightage will be determined on the basis of the following guidelines:

Nature of Examination	Weightage
Quizzes/Attendance/Class performance	10%
Mid Semester Examinations/Presentation/Practical	30%
Assignments/Presentations	10%
Final Examination	50%

- b) At the beginning of a semester, the instructor of each course should hand out a syllabus providing information to students that define attendance policy, grade distribution policy, assessment criteria, paper specification, examination dates, schedule of material to be taught, take-home assignment policy, required and recommended reading materials and any other information important for the successful completion of the course and its requirements.
- c) There will be no supplementary/special examination in the semester system; if a student fails in a course, s/he is required to repeat it. An incomplete grade will be awarded by the faculty only in exceptional cases beyond the control of a student such as serious accidents, family tragedy, serious health ailments, etc.

d) Evaluation

- The course teacher will conduct the mid-term test and final semester test. S/he may, however, conduct any other test or give assignments on any topic of the course to the students. The course teacher will also inform the students at the beginning of the semester about the weightage to be assigned to such assignments/ tests.
- There will be no Mid./ Final Semester test for Lab. courses. The evaluation of the Lab course will be based on performance in the Lab and completion of Lab. assignments.
- The marks of the mid-term test (s) as well as the semester tests will be announced in the class and will be posted outside the office of the course teacher. The result will also be put on the department's notice board immediately after evaluation which should be completed within seven days from the conduct of the test. Copies of the score of the mid-term test/ semester test or any other test/ assignment will be deposited by the

concerned faculty in the department's office. A copy will also be sent to the Controller of Examinations for the record.

GRADING POLICY

- The grading/Marking system in the university will be the Absolute Grading System. Nevertheless, teachers are encouraged to adopt the Relative Grading System as suggested by HEC.
- To implement the semester system effectively, the subject teacher must display his/her provisional result within five days after the conduct of the final exam of that subject and submit the same to the controller of examination for the final announcement.

FRACTIONALIZED GRADING POLICY

The following grading scheme will be implemented for all programmes running under the semester system at the university from the Academic year 2021 (2K21-Batch);

Status	Grade	Grade Points	The Percentage obtained in a Semester System	Grade Designation
Pass Grades	A+	4.0	85-100	Very Good
	A	3.6	80-84	
	B+	3.2	75-79	Good
	B	2.8	70-74	
	C+	2.4	65-69	Satisfactory
	C	2.0	60-64	
Improved Grades	D+	1.5	55-59	Conditional Pass
	D	1.0	50-54	
Fail	F	0.00	Below 50	Fail

COMPUTATION OF SEMESTER GRADE POINT AVERAGE (GPA) AND CUMULATIVE GRADE POINT AVERAGE (CGPA)

a) Quality Point (Q.P.)

For the computation of the (G.P.A.) the quality point (Q.P) is first determined by multiplying the value of the grade point (G.P) earned by the students with the Credit Hours of that course, e.g., if a student obtains a "B+" grade for a three credit hours course then this Q.P will be calculated as follows: $(Q.P.) = 3.2 \times 3 = 9.60$

b) Grade Point Average (G.P.A).

Grade point Average is an expression of the average performance of a student in the courses he/she has offered during a particular semester. This is calculated by adding the quality points of all the courses taken, divided by the total number of Credit hours offered: -

$$(G.P.A) = \text{Sum of Quality Points} / \text{Sum of the Credit Hours}$$

c) Cumulative Grade Point Average (C.G.P.A)

The Cumulative Grade Point Average (C.G.P.A) is the expression describing the performance of a student in all semesters and is determined in the following way:

$$(C.G.P.A) = \text{Sum of Quality Points for all the courses appeared} / \text{Sum of the Credit Hours for all the courses appeared}$$

(A) CGPA REQUIRED FOR COMPLETION OF UNDERGRADUATE AND GRADUATE DEGREE

- For completion of a degree, the minimum qualifying CGPAs for undergraduate programmes BA/BS/MSc and postgraduate programmes MS/MPhil/PhD Students are 2.00 and 2.50 respectively.
- In case, a student secures less than 2.00 CGPA (minimum qualifying CGPA) at the end of the final Semester, s/he may be allowed to get re-admission/improve in one or more courses in which his/her Grade is below C along with the forthcoming semester, provided that s/he is not debarred under the CGPA Improvement Regulation and time duration specified for the programme.

(B) Rules for Promotion

INSTITUTE OF ART AND DESIGN

The Institute of Art & Design serves as an extension of the Department of Fine Arts, originally established as the inaugural Art department at the esteemed University of Sindh. With its genesis in 1970 under the visionary guidance of the renowned Artist Professor A.R. Nagori, the department of Fine Arts found its home at the Allama I.I. Kazi Campus of University of Sindh, Jamshoro. Commencing its journey, it introduced a two-year bachelor's degree program, BA (Pass) in Fine Arts in 1985. This was further complemented by the introduction of a two-year MA (Pass) in Fine Arts program. Responding adeptly to the evolving professional milieu and the surging demand for utilitarian design expertise within Pakistan, the institute introduced design degrees in 2005. This pivotal move paved the path for the inception of the Institute of Art & Design, which houses four distinctive departments: The Department of Fine Arts, the Department of Communication Design, the Department of Textile Design, and the Department of Art History.

In alignment with the dynamic landscape, the institute embraced a transformation by establishing updated four-year Bachelor's degree programs encompassing both the domains of arts and design. These encompass the esteemed BFA (Bachelor of Fine Arts), the enlightening BA (Art History), and the innovative B. Design (Textile and Communication) programs. The selection process for the art and design disciplines is meticulously anchored in the aptitude test conducted by the University of Sindh. As admitted students embark on their individual educational journeys, a shared foundational year underpins their diverse trajectories across all disciplines. A striking addition to the vibrant canvas of the Institute of Art & Design is the forthcoming department of Indus Valley music and theatre, Master in Multimedia Arts, 18 years of Education, M.Phil. leading to Ph.D., is on the horizon, the institute envisions the introduction of a one-year diploma course in Music and Theatre studies later this year expanding its horizons and enriching its educational tapestry.

The Faculty of Commerce and Business Administration has produced thousands of Commerce and Business Administration Graduates those are now occupying key positions in the private and public sector organizations of the country and abroad. The role of Commerce & Business Graduates in development of economy is tremendous and the Commerce and Business Administration degree holders are highly paid employees and majority also prefer to go for Entrepreneurship.

INSTITUTE OF COMMERCE & MANAGEMENT

The Department of Commerce was founded in 1963 at the Elsa Kazi Campus in Hyderabad, which is also referred to as the Old Campus, Hyderabad. In 1970, the department relocated to the Allama I.I. Kazi Campus. Since 1999, the Commerce department has been operating from its current location, situated near the University's Central Library. Furthermore, in 2004, it underwent an upgrade and was officially designated as the **Institute of Commerce** and in 2022 institute has been renamed as **Institute of Commerce & Management**.

In 2007, the Institute introduced a 4-year **BS (Commerce)** program, spanning eight semesters, totaling 131 credit hours, and includes a curriculum comprising 44 different courses.

In 2019, the Institute introduced a 4-year **BS (Banking & Finance)** program, spanning eight semesters, totaling 131 credit hours, and includes a curriculum comprising 44 different courses.

In 2023, the Institute introduced a 4-year **BS (Forensic Accounting & Fraud Examination)** program, spanning eight semesters, totaling 131 credit hours, and includes a curriculum comprising 44 different courses.

In 2025, the Institute introduced a 4-year **BS (Accounting & Finance)** program, spanning eight semesters, totaling 128 credit hours, and includes a curriculum comprising 44 different courses.

The Institute also offers a two-year bridging programs spanning four semesters for college graduates (14 Year Education).

The institute offers following specializations:

- Accounting
- Finance
- Marketing
- Human Resource Management
- Management & Administration
- Islamic Banking & Finance
- Management Information Systems
- Banking

Upon successfully completing the courses, candidates become eligible for jobs in Public and Private Organizations at the BPS (Basic Pay Scale) 17 level, as per the Federal Government Notification. The 4-year degree is considered equivalent to a 16-year degree, both in terms of status and job requirements. The primary objective of the 4-year degree programs is to prepare graduates who can compete effectively at both local and global levels.

At the end of the programs the students will be able to: -

- Evaluate various financial proposals by demonstrating a solid foundation in theoretical knowledge and quantitative techniques.
- Establish an accounting system for a new business venture or manage the accounts of an existing one.
- Possess a comprehensive understanding of corporate, legal, and business matters.
- Grasp the dynamics of the contemporary business landscape.
- Exhibit strong managerial, interpersonal, and negotiation skills.
- Comprehend the business and economic environment.

This Institute has a strong track record of delivering high-quality education. The courses are meticulously crafted to empower students with the professional skills and knowledge necessary to excel as leaders in various fields, including **Business, Commerce, Banking and Forensic Accounting**.

The Institute boasts a highly qualified faculty, majority of whom hold advanced degrees such as **MS, M.Phil., and Ph.D.**, and have contributed significantly with numerous publications in esteemed national and international research journals.

The Institute boasts a state-of-the-art Computer Laboratory, outfitted with the latest software to offer comprehensive training to its students. Additionally, it houses an exceptional Seminar Library featuring an extensive collection of over 7500 books, encompassing subjects such as Management, Marketing, Accounting, Finance, Economics, and more.

FACULTY OF EDUCATION

The Faculty of Education started its journey as one of the first “Teaching Department in the subject of Education” in 1951-52 achieved its present Faculty status in 1989. It has produced thousands of professionals for the Education Sector not only Sindh but also for other parts of Pakistan. The current programs offered by Faculty of Education are: B.Ed. (Secondary) 1.5 and 2.5 Years 4/2 Years B.Ed. (Hons) Elementary & 1 Year Post Graduate Diploma in Early Childhood Education (PGD-ECE). Normally each academic year starts in January and ends in December.

MISSION

To develop teachers and education managers having professional expertise in the areas of teaching, curriculum development, evaluation, research, educational leadership, and ethical values through formal and distance education programmes.

VISION

To develop Faculty of Education as a leading teacher education and research institution in the region.
The component departments of the Faculty are:

1. Department of Educational Management and Supervision
2. Department of Science and Technical Education
3. Department of Distance, Continuing & Computer Education
4. Department of Early Childhood & Elementary Education
5. Department of Curriculum Development and Instructions
6. Department of Psychological Testing, Guidance and Research

Prof. Dr. Fateh Muhammad Mari
Vice-Chancellor
Look after the Charge of Dean

The departments comprising the faculty, together provide a broad base of general teacher education at Bachelor level, and offer opportunity at Master Level of specialization in one or more disciplines to attain mastery in the art and science of teaching. The graduate and post graduate Programmes B.Ed. (Hons) Elementary, B.Ed. (Secondary) 1.5 and 2.5 years/ PGD-ECE/ M.Phil. & Ph.D. of the Faculty are conducted jointly by the component departments.

Specifically, the teacher education Programmes are designed to provide opportunities to in-service and would-be-teachers to accomplish mainly the following:

- ◆ To plan for instruction by formulating objectives in terms of student outcomes which are observable and measurable;
- ◆ To select and organise content appropriate to specified objectives in ways those are consistent with the logic of that content and the needs of the learners;
- ◆ To become competent in selecting and using those instructional materials, media and strategies that enable individual students to succeed in educational Programmes;
- ◆ To acquire skills in evaluating learning outcomes within an educational setting;

FACULTY OF ENGINEERING & TECHNOLOGY (FET)

In 2020, the University of Sindh established an independent Faculty of Engineering and Technology (FET) by elevating the status of the Institute of Information and Communication Technology (IICT). Initially, in 1998, the Institute of Information Technology (IIT) was founded through the bifurcation of the former Institute of Physics and Technology (IPT), which had been in existence since 1979. Subsequently, in 2008, the IIT was re-designated as IICT.

The Faculty of Engineering and Technology includes the Dr. A. H. S. Bukhari Postgraduate Centre of Information and Communication Technology, the Department of Information Technology, the Department of Software Engineering, the Department of Electronic Engineering, and the Department of Telecommunication Engineering. The Dr. A. H. S. Bukhari Postgraduate Centre of Information and Communication Technology offers M.Phil. programmes in the disciplines of Information Technology, Software Engineering, Electronics, and Telecommunication, as well as a Ph.D. degree programme in Information Technology.

The Department of Electronic Engineering and the Department of Telecommunication Engineering offer a 4-year 8-semester undergraduate programme, namely BE Electronic Engineering and BE Telecommunication Engineering, and both of these programmes are accredited by the Pakistan Engineering Council (PEC). Furthermore, the Department of Information Technology and the Department of Software Engineering offer 4-year 8-semester undergraduate programmes, BS Information Technology, and BS Software Engineering respectively, both accredited by the National Computing Education Accreditation Council (NCEAC). Both BS Information Technology and BS Software Engineering programmes are offered in morning as well as in evening. Starting from the year 2023, a new programme BS in Data Science, has also been introduced.

The Faculty of Engineering and Technology has excellent infrastructure, including highly qualified faculty members (comprising around 31 PhD faculty members), well-equipped and state-of-the-art laboratories to cater to the practical components of all undergraduate and graduate programme courses, spacious classrooms, multimedia facilities, and a computerized internal library stocked with abundant and up-to-date editions of books, journals and magazines. Recognizing the tremendous potential of technology entrepreneurship, FET has adopted a proactive role in supporting entrepreneurship through the establishment of a Technology Incubation Centre and an Industry Liaison Desk.

The Mission

To produce potential engineers and technologists in undergraduate and postgraduate programmes who can solve complex engineering and technological problems using academic knowledge, modern tools, entrepreneurial skills, and a continuous quest to learn new engineering and technological methods. This is aimed at achieving innovative and sustainable solutions for the betterment of the environment and society.

The Vision

To be Nationally renowned for providing a dynamic environment and delivering quality education through rigorous teaching and research methodologies, along with fostering ethical and managerial skills in Engineering and Technology disciplines for the betterment of society.

DEPARTMENT OF INFORMATION TECHNOLOGY

About the Department

In 1998, the former Institute of Physics and Technology (IPT) which existed since 1979 bifurcated giving birth to the Institute of Information Technology (IIT). The IIT was among a very few first institutes of the Pakistan which offered a 4-year 8-semesters undergraduate Programme in Computer and Information Technology called BCIT. Over the time it has undergone a number of revamps and currently Department of Information Technology is one of the constituent departments of the recently established Faculty of Engineering and Technology which offers a 4-year 8-semester undergraduate Programme BS Information Technology.

Department of Information Technology has a highly qualified faculty most of whom have earned their PhD degree from international universities of high stature. The Department is also equipped with state-of-the-art hardware and software laboratories catering the needs of practical component of the courses. The curriculum of BS Information Technology Programme includes, in addition to fundamental core Information technology courses, a number of advanced courses focusing on new emerging computing paradigms such as Mobile and Pervasive Computing, Cloud Computing, Information security, Smart Technologies, Human Computer Interface design (HCI), Management of Large-Scale IT infrastructure projects etc. in line with HEC guidelines. BS Information Technology Programme has recently been accredited with the National Computing Education Accreditation Council (NCEAC) and the Programme is offered in morning as well as in evening.

The department of Information Technology has also started the 4-year 8-semester BS Data Science Programme inline to (NCEAC) guidelines from 2023 to equip students with the knowledge and skills to analyze, interpret, and derive insights from complex data. Combining the concepts of computing, statistics, and domain expertise, the Programme prepares graduates for data-driven decision-making and innovative problem-solving across diverse industries.

The main objective of the Department of Information Technology is to provide quality education and research opportunities to the students and to instill in them critical, rational, analytical thinking and a civic sense so that they become socially responsible citizens and truly educated graduates after completion of their BS Information Technology Programme.

The teaching faculty comprises the following:

DEPARTMENT OF SOFTWARE ENGINEERING

The Department of Software Engineering was established in 2002 under the Institute of Information Technology (IIT), University of Sindh, Jamshoro. It was among the pioneering institutions in Pakistan to introduce a formal four-year undergraduate degree Programme in Software Engineering. Since its establishment, the Department has continuously evolved to address advancements in computing technologies and the growing demands of the software industry. Over the years, the curriculum has been revised in line with the guidelines of the Higher Education Commission (HEC) and international best practices. The Department is now a constituent unit of the Faculty of Engineering and Technology and offers a four-year BS Software Engineering Programme in both morning and evening sessions. The Programme is accredited by the National Computing Education Accreditation Council (NCEAC), reflecting the Department's commitment to quality education and academic excellence.

Vision:

To become a leading center of excellence in software engineering education, research, and innovation by producing competent professionals who contribute effectively to national and global technological advancement.

Mission:

The mission of the Department of Software Engineering is to provide high-quality education based on strong theoretical foundations and practical skills. The Department aims to foster critical thinking, innovation, ethical values, and lifelong learning, while preparing graduates to meet the challenges of the software industry, research, and societal development in accordance with national and international standards.

Objectives:

- To provide comprehensive education in software engineering principles, methodologies, and tools.
- To develop analytical, problem-solving, and critical thinking skills among students.
- To equip graduates with practical skills in software design, development, testing, and maintenance.

- To promote research, innovation, and entrepreneurial thinking in emerging computing domains.
- To prepare students for professional careers, advanced studies, and lifelong learning.
- To instill ethical responsibility, teamwork, leadership qualities, and effective communication skills.
- To contribute to societal and industrial needs through knowledge dissemination and community engagement.

The present faculty comprises the following:

DEPARTMENT OF ELECTRONIC ENGINEERING

About the Department

The extensive applications of electronic devices and systems play a vital role in the development of the socio-economic growth of the country. This led the University of Sindh to start B.Sc. and M.Sc. Electronics Programme in 1979 under the umbrella of the Institute of Physics and Technology (IPT). The IPT was a pioneer in Sindh province to provide training and educate the individuals to harness the full potential of the discipline. Later in 1998, the IPT was bifurcated into the Institute of Information Technology (IIT). The Department of Electronics started to offer a 4-year BS degree in Electronics in 2002. Later the nomenclature of the Institute was re-designated as the Institute of Information and Communication Technology (IICT). In 2020, IICT was upgraded to the Faculty of Engineering and Technology (FET) to extend its scope in the field of Engineering and Technology. As a result of this, the nomenclature of the Department of Electronics was changed to the Department of Electronic Engineering (DEE). DEE offers a 4-year (8- semester) BE Electronic Engineering Programme. The courses have been designed to build a strong foundation of Electronic Engineering to reflect the mission of the Programme. The infrastructure of the department meets all the criteria of conducive learning. The classrooms are spacious, well-furnished and equipped with a multimedia facility. The state-of-the-art laboratories with the latest hardware and software tools facilitate students in learning all theoretical concepts experimentally. Moreover, the library provides complete information resources such as; textbooks with the latest editions, technology magazines and online platforms to access research articles worldwide. Based on the competence and achievements of its discipline, DEE owns a very high reputation in the electronic research community across the country

Mission of the Programme

To produce competent professionals with substantial knowledge of electronic engineering that can solve complex electronic engineering problems and provide sustainable solutions with modern tools and techniques to compete in a diversified and resilient environment through a continuous learning process and have a strong sense of ethical and entrepreneurship responsibilities for the betterment of environment and society.

Programme Educational Objectives (PEOs)

The Programme educational objectives for BE Electronic Engineering Programme are:

PEO1

Graduates will have the ability to solve complex electronic engineering problems and propose innovative as well as sustainable solutions for the benefit of society and environment with academic knowledge, modern tools, and entrepreneurship skills to cater the market needs.

PEO2

Graduates will demonstrate managerial and negotiating skills and can work individually or in a team with ethical responsibilities to achieve the desired targets.

PEO3

Graduates will engage in a lifelong quest for knowledge and interdisciplinary learning appropriate for their academic and industrial careers.

Programme Learning Outcomes (PLOs)

The Programme Learning Outcomes of the BE Electronic Engineering Programme are:

PLO-1 Engineering Knowledge: Apply knowledge of mathematics, natural science, engineering fundamentals and Engineering specialization to the solution of complex electronic engineering problems (WK1-WK4).

PLO-2 Problem Analysis: Identify, formulate, conduct research literature, and analyze complex electronic engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences and engineering sciences (WK1-WK4).

PLO-3 Design/Development of Solutions: An ability to design solutions for complex electronic engineering problems and design systems, components or

processes that meet specified needs with appropriate consideration for public health and safety, cultural, societal, and environmental considerations (WK-5).

PLO-4 Investigation: Conduct investigation of complex electronic engineering problems using research-based knowledge and research methods, including design of experiments, analysis and interpretation of data, and synthesis of information to provide valid conclusions (WK-8).

PLO-5 Tool Usage: Create, select and apply appropriate techniques, resources, and modern engineering and IT tools, including prediction and modeling, to complex electronic engineering problems, with an understanding of the limitations (WK-2 and WK-6).

PLO-6 The Engineer and the World: Analyze and evaluate sustainable development impacts to society, the economy, sustainability, health and safety, legal frameworks, and the environment while solving complex electronic engineering problems (WK-1, WK-5, and WK-7).

PLO-7 Ethics: Apply ethical principles and commit to professional ethics and norms of engineering practice and adhere to relevant national and international laws. Demonstrate an understanding of the need for diversity and inclusion (WK-9).

PLO-8 Individual and Collaborative Team Work: Function effectively as an individual, and as a member or leader in diverse and inclusive teams and in multidisciplinary, face-to-face, remote and distributed settings (WK-9).

PLO-9 Communication: Communicate effectively and inclusively on complex electronic engineering activities with the engineering community and with society at large, such as being able to comprehend and write effective reports and design documentation, and make effective presentations, taking into account cultural, language, and learning differences (WK-1 and WK-9).

PLO-10 Project Management and Finance: Demonstrate knowledge and understanding of engineering management principles and economic decision making and apply these to one's own work, as a member and leader in a team, to manage projects in multidisciplinary environments (WK-2 and WK5).

PLO-11 Lifelong Learning: Recognize the need for, and have the preparation and ability for i) independent and life-long learning ii) adaptability to new and emerging

technologies and iii) critical thinking in the broadest context of technological change (WK-8 and WK-9).

DEPARTMENT OF TELECOMMUNICATION ENGINEERING

Initially in 1980, University of Sindh started to offer one year M.Sc. in Telecommunication Programme under the umbrella of the Institute of Physics and Technology (IPT). The B.S. Telecommunication Programme was introduced in 1998 at the Institute of Information and Communication Technology (IICT). With the rising demand for Engineering technologies and the Telecommunication sector, the Department of Telecommunication was revamped as the Department of Telecommunication Engineering under the Faculty of Engineering and Technology (FET) in 2019. The Department of Telecommunication Engineering offers a 4-year (8-semester) B.E. (Telecommunication Engineering) Programme and is accredited with Pakistan Engineering Council (PEC).

The main objective of this department is to produce high-quality telecommunication professionals in numerous specialized areas, such as Mobile and Wireless Communications, Multimedia and Broadband Communication, Fiber Optics, Satellite communication, Complex Electronic Switching Systems, Data coding, and Embedded systems. With the convergence of Information and Telecommunication Technology, an interdisciplinary aspect has been integrated throughout the educational varsities. In this regard, the Telecommunication Engineering department offers courses in Programming languages, emerging topics such as machine learning, cloud computing, and so forth to keep pace with the technological trends.

The graduates of this department have left a positive footprint in leading Telecom and IT industries of Pakistan. With the emergence of 5G technology, Software Defined Networking, Industrial Internet of Things, E-health, and Telemedicine, the professional, educational, and research opportunities are extended more than ever in Pakistan as well as abroad.

Mission of the Programme

To produce graduates in the field of Telecommunication to keep pace with the current technological trends through collaborative environment and envisage future prospects in terms of professional, entrepreneurial, and research practices.

Programme Educational Objectives (PEOs)

PEO1: Telecommunication engineers would be equipped with knowledge pertaining to solve field related problems through investigation, modern tools, and research-based methods to cater the market needs with sustainable environment and societal benefits.

PEO2: To foresee successful careers of telecommunication graduates as qualified network analysts, entrepreneurs, project managers, system designers, and academic professionals with managerial, communication and negotiating skills.

PEO3: To engage them in a lifelong quest for knowledge and encourage discipline to embrace moral, social, and ethical principles in individual and team working environment.

Programme Learning Outcomes (PLOs)

PLO-1 Engineering Knowledge: Apply knowledge of mathematics, natural science, engineering fundamentals and Engineering specialization to the solution of complex telecommunication engineering problems (WK1-WK4).

PLO-2 Problem Analysis: Identify, formulate, conduct research literature, and analyze complex telecommunication engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences and engineering sciences (WK1-WK4).

PLO-3 Design/Development of Solutions: An ability to design solutions for complex telecommunication engineering problems and design systems, components or processes that meet specified needs with appropriate consideration for public health and safety, cultural, societal, and environmental considerations (WK-5).

PLO-4 Investigation: Conduct investigation of complex telecommunication engineering problems using research-based knowledge and research methods, including design of experiments, analysis and interpretation of data, and synthesis of information to provide valid conclusions (WK-8).

PLO-5 Tool Usage: Create, select and apply appropriate techniques, resources, and modern engineering and IT tools, including prediction and modeling, to complex telecommunication engineering problems, with an understanding of the limitations (WK-2 and WK-6).

PLO-6 The Engineer and the World: Analyze and evaluate sustainable development impacts to society, the economy, sustainability, health and safety, legal frameworks, and the environment while solving complex telecommunication engineering problems (WK-1, WK-5, and WK-7).

DEPARTMENT OF TELEMEDICINE AND E-HEALTH

In 2005, the Institute of Information Technology, University of Sindh started a 2-year master of science in Telemedicine and e-health degree Programme and 1-year Post Graduate Diploma in Digital Health. Master's degree in Telemedicine and e-health provides a thorough introduction to medical technology and use of telemedicine to provide better services to the healthcare sector. The Post Graduate Diploma in Digital Health is designed for the people working or planning to work in health sector management and leadership roles to deliver effective, sustainable, safe and efficient patient- centered health.

TELEMEDICINE AND e-HEALTH combine the fields of medicine, information science and information technology to formulate various systems for generating, validating, securing and integrating health-related data. The purpose is to deliver effective, integrated, and high-quality health care to patients. It involves bringing together various resources, techniques and systems to maximize the use of the wealth of medical knowledge, technological advances and drug breakthroughs that are available.

The present faculty comprises the following:

Dhomeja, Lachhman Das, Professor and **Dean (FET)**
MSc Computer Technology (S.U.) 1991, Ph.D. (University of Sussex, UK) 2011

Need based shared faculty members from other departments.

DEPARTMENT OF COMPARATIVE RELIGION AND ISLAMIC CULTURE

This department is the second oldest teaching department of the University, established in 1952. It offers BS (4-Years) as well as BS 3rd Year in the disciplines of Comparative Religion and Islamic Studies. It also offers Postgraduate degree Programmes in the disciplines of (i) Comparative Religion and (ii) Islamic Studies. It has produced more than 270 Ph.Ds. and more than 50 M.Phil. degrees in the subject of Islamic Culture since its inception. This is the highest number of Ph.Ds. produced in any discipline at the University of Sindh.

The teaching faculty comprises the following: -

DEPARTMENT OF MUSLIM HISTORY

The Department of Muslim History was established in 1952-53 at Elsa Kazi Campus, Hyderabad. In September 1971 the Department of General History and Muslim History were merged under the name of Department of History. Again in 1978, they were bifurcated into Muslim History and General History. The Department of Muslim History offers 4-year Degree Programme and MA (Pass) in the discipline of Muslim History.

The BS 4-year Programme in Muslim History was introduced from the Academic year 2015. This department is imparting quality education and teaching Programmes are revised and updated as per requirement of the society. This department has also started M.Phil. Programme. This department with the help of qualified faculty members is providing up to date knowledge of various subjects of History of the Muslims from the advent of Islam up to the History of Freedom Movement of Pakistan.

The teaching faculty comprises the following:

Laghari, Muhammad Ali, Professor and Chairman

FACULTY OF LAW

The faculty of law of the University of Sindh was established in 1950 under the University of Sindh Act-1947 with such outstanding personalities as Honorable Justice Tayabji as the first Dean. However, it remained practically dormant as the LL.B teaching was conducted through Government Law Colleges affiliated to the University. It was revived in 1989 through the statutes framed under 1972 Act of the University of Sindh. Professor P.M Amar, Jehangir Hussain Shah and Ahmed Ali Shaikh remained Dean Faculty of Law. Since 02-07-2011 MrJhamatJethanand is Dean Faculty of Law. With increasing demand for legal education new Law Colleges have been established in the public and private sector. Presently, 19 law colleges (4 in public and 15 in private sector) are affiliated with the University of Sindh offering LL.B degree as per regulations of the Pakistan Bar Council.

With growing demand for experts and highly qualified professionals, under the changing socio-political scenario, it was felt that legal education at Master level be imparted. The University of Sindh therefore, established the Department of Law in July 2005 to offer two year LL.M program. The Department was officially inaugurated by the then Chief Justice Sindh High Court; late Justice Sabihuddin Ahmed and LL.M classes were started under evening program.

The University has also pioneered the introduction of Bachelor of Law (Hons) five years (Ten semesters) Degree program. That would fulfill the long felt demand to produce full time educated professionals, to meet the challenges in the global context. The 1st batch was inducted in October 2008 and teaching commenced in February 2009. The said batch passed out in 2013.

Mission

To produce high qualified law professional who by joining Judiciary, Prosecution, Police and other departments can perform their role to eliminate corruption and injustice and to make the society civilized by assisting in access to justice.

Vision

To develop law faculty as leading law Institution in the region imparting high quality legal education and contributing in legislation by way of research.

INSTITUTE OF LAW (ELSA KAZI CAMPUS, HYDERABAD)

The Department of Law was promoted to Institute of Law in 2008-09. Mr. Muhammad Yousuf Laghari was the first Chairman of the Department and became Director of the Institute of Law. After that Vide notification dated 01-11-2010 two members committee consisting of Mr. Jhamat Jethanand and Professor Aftab Ahmed Shaikh was appointed to look after the management of the Institute of Law. Subsequently, after that dissolution of two members Mr. Ali Raza Laghari, Assistant Professor was In-charge, Institute of Law Currently Dr. Sardar Ali Shah is In-charge Institute of Law.

Faculty

The Institute of Law is privileged to have services of highly qualified permanent and visiting faculty to teach Master and Bachelor Programmes.

DEPARTMENT OF LAW (MAIN CAMPUS, JAMSHORO)

In 2024, the University of Sindh, Jamshoro, embarked on a momentous journey by establishing its Department of Law, showcasing its unwavering commitment to legal education and proficiency. Mr. Danish Bashir Mangi assumed the role of the first Incharge, bringing along a vast wealth of experience and leadership in the legal domain. This appointment serves as a testament to the university's unwavering dedication to nurturing academic brilliance and equipping aspiring legal practitioners for the future.

Faculty

The LL.B. (Hons.) Programme at the Department of Law is fortunate to have the expertise and dedication of a distinguished permanent faculty. These highly qualified individuals bring a wealth of knowledge and experience to the teaching of law, ensuring that students receive a comprehensive and rigorous education.

The teaching faculty comprises the following:

Mangi, Danish Bashir (Lecturer and Incharge)

LL.M. (S.U.), LL.B. (S.U.)

Buriro, Ghulam Ali, (Professor)

MA (S. U) 1995, Diploma in Civics Education (USA) 2005, M.Phil. (Hamdard University, Karachi) 2013, Ph.D. (Hamdard University, Karachi) 2017

FACULTY OF NATURAL SCIENCES

The Faculty of Natural Sciences is one of the oldest Faculties, established in 1953, starting with Chemistry, Mathematics and Physics departments with addition of Botany (1954), Zoology and Geography (1955) and followed by Geology in 1956. The Faculty has expanded further over the years and now comprises of three Centres, Eight Institutes and Six teaching departments. It is the largest Faculty of the University, with 60% of the total students enrolment. Most of the departments/institutes and their faculty have been actively involved in research. "Sindh University Science Research Journal "Y category" is a regular publication of the Faculty since 1965 with contributions from the faculty members as well as renowned national scholars.

The Faculty also enjoys the distinction of being the first among Public Sector Universities of the country to introduce 4 years Bachelor degree (B.S) program for all the disciplines; The 4 years study provides thorough grounding in the major disciplines alongwith broad-based knowledge in relevant fields, e.g., General Maths courses for Biology students or vice versa, besides, courses under social science, e.g economics, civilization, etc.

CENTRE FOR PHYSICAL EDUCATION, HEALTH & SPORTS SCIENCES

The Centre was established as "Centre for Health & Physical Education" in 1990 as no Master degree awarding institute was present in Sindh and as a first step, a Master's degree Programme "Master of Health and Physical Education" (M.H.P.Ed.) was introduced. The first batch of this degree Programme was admitted in August, 1991. Later, the two semesters (B.H.P.Ed.) "Bachelor in Health & Physical Education degree Programme" was also introduced to provide skilled manpower in the field of Physical Education to cater the growing demand in secondary schools, colleges, universities and other national organizations. The Centre is well equipped with required infrastructure of excellent learning in the field of physical education including international standard gymnastic podium, standard badminton halls, table tennis, basketball, volleyball and lawn tennis arena and PCB Cricket Ground. In addition, Centre is also offering evening Programme since 2005. Keeping in view the growing need for research in the field, in 1999-2000 the centre started M.Phil. and Ph.D. Programme which is successfully going on. As per HEC directives in 2004 regarding the initiation of BS 4-year Programme, the Centre introduced BS-4-year degree Programme in Health & Physical Education in 2005 and became the pioneer of the Programme in Pakistan.

As one step forward in research, the Centre started publishing of its International Journal, "The Shield"-International Journal of Physical Education and Sports Science in 2006 annually. Nineteen volumes have been published and more than 150 research articles have been published so far, and 20th Edition is in process and will be published very soon. Research journal has been promoted in "Y" category in 2012.

This Centre is flourishing day by day and has got recognition all over Pakistan as its students have remained in top ranking laurels in many competitive examinations and in the job market of all provinces and Federal Government as well. 95% students graduate are on jobs. The Centre has qualified and Experienced faculty who are disseminating knowledge, skills and experience to their students.

The teaching faculty comprises the following of:

Ghori, Soniha Aslam, (MD), Professor and **Director**
MBBS & Ph.D. (S.U.) 2014

Qambrani, Muhammad Rafique, Associate Professor
MHPE & Ph.D. (China) 2014

Bhatti, Ghayoor Abbass, Lecturer
MHPE & M.Phil. (in process)

PHYSICAL EDUCATION, HEALTH AND SPORTS SCIENCES BS 04 YEAR (8 SEMESTERS) DEGREE PROGRAMME CH-141

Pre-requisite: HSC with 45% marks. The individual who possesses Sports Skills will be given preference. Pre-Entry Test from SUTC, Physical Fitness and Aptitude Test by the Centre is mandatory on next day of the test.

CENTRE FOR ENVIRONMENTAL SCIENCE

The Environmental matters are at the centre of the political and economic areas and at the top of the developmental agenda of every country in the world. This is the outcome of a rising global concern about the protection of our environment in the last few centuries; the world has witnessed a rapid but uneven economic development. The unsustainable economic development has resulted in disastrous environmental crises such as environmental pollution, climate change and depletion of resources and loss of biodiversity. The world is faced with the challenge of devising innovative development strategies to deal with the complexities of environmental deterioration and economic development. In order to cope with the challenges of increasing population, environmental deterioration and unsustainable economic development, a harmonious collaboration between human development efforts and environmental concerns are urgently needed to achieve the ultimate goal of sustainable development. The target of sustainable development can only be achieved through an integrated, comprehensive approach involving social and technological changes in all sectors of human life and its environment.

Environmental Scientists are needed more than ever by industry, government and society. The Environmental Sciences degree brings together information from a wide range of subjects to explore some of the most important threats facing the world, such as climate change, pollution, conservation, and food security. The Environmental Science degree is broadly based with its roots in biology (giving you an understanding of organisms, their environments and their communities), chemistry (providing an understanding of many natural environmental processes and pollution), earth sciences, (giving you a background in global processes), and land and water resource management. As well as deepening your scientific knowledge, this Environmental Sciences degree also prepares professional graduates for careers at a time when environmental issues are central to business and economic decisions. A combination of such subject areas, combined with many practical sessions and field trips, creates a degree that is both fascinating and rewarding.

Teaching Objectives:

The teaching objectives of the degree Programme in Environmental Sciences are to enable its graduates with following key skills:

- To train leaders, develop new knowledge, and devise solutions that will restore and sustain the health of our planet.
- Learn how to analyze and assess environmental problems.

- Carry out independent scientific and technical research on environmental issues.
- Propose sustainable solutions for environmental problems.

Learning Objectives

The degree Programmes are expected to equip the graduates with an ability to understand the linkages between various bio-physical and socio-economic components of environment and with an expertise to:

1. Understand the intricate linkages within and between biophysical and socioeconomic systems, and appreciate the principles and requirements that would facilitate the transition to sustainability with these systems;
2. Apply theoretical understanding, professional judgment and skills in mitigation of environmental problems;
3. Formulate and implement solutions to problems of sustainable development, through use of analytical skill and theoretical knowledge;
4. Make meaningful contributions to improving legal and administrative structures and processes relevant to sustainable development and environmental management.

The teaching faculty comprises the following:

Dean (Natural Science) Look after Charge of **Director**

Mahar Amanullah, Associate Professor

Abbasi Habibullah, Assistant Professor

Bhatti Muhammad Ali, Assistant Professor

Siddique Sarah Khalil, Lecturer

Talpur Aziz Ahmed, Lecturer (On Study Leave)

ENVIRONMENTAL SCIENCES

BS 04 YEAR (8 SEMESTERS) DEGREE PROGRAMME CH-136

CENTRE FOR PURE AND APPLIED GEOLOGY

The Department of Geology was established in 1956 at Elsa Kazi Campus, Hyderabad and shifted to Allama I.I. Kazi Campus, in June 1961. The department was upgraded as **Centre for Pure and Applied Geology** in March 2006 with the approval of the Academic Council as a part of the University's Mega Project.

The Centre offers 04-year BS degree Geology Programme along with M. Phil. / Ph. D. Programme since 2003. MS. Petroleum Geoscience is also offered by the Centre from 2015. Presently more than 100 students are registered for MS. / M. Phil. / Ph. D. studies. Many candidates have earned their degrees and are jewel of different reputed organization of Pakistan.

To impart the best quality Geology education through advanced teaching tools providing impetus for sustainable socio-economic development of Pakistan.

Advanced Research Laboratories

Our highly practical laboratories are equipped with modern and sophisticated instruments operated by fully trained and dedicated personnel.

Chemical/ Geochemical Analyses

- **XRF**- X-Ray Fluorescence
- **XRD**- X-Ray Diffraction
- **SEM**- Scanning Electron Microscopy with EDS- Energy Dispersive Spectrometry
- **AAS**- Atomic Absorption Spectroscopy

Microscope Facilities

(Camera and Monitors attached with LAS software)

- **Zoom Stereo Microscopes**
- **Polarizing Microscopes**
- **Fluorescent Microscopes**

GIS and Computing Laboratory

Thin Section Preparation Unit

Geophysical Survey Instruments

- **Terrameter (SAS-300 & SAS-4000)**
- **Seismograph**
- **Magnetometer**
- **GPR- Ground Penetrating Radar**

Facilities are also available for the study of **Biostratigraphy**, **Sedimentology** and **Petrography** of various samples received from different petroleum companies operational in Pakistan i.e. OGDCL, PPL, ENI, and UEP.

Coal Research Lab

The Lab has been established with the collaboration of Weatherford Oil Tools. M.E Ltd.

Geophysics chair with the collaboration of PPL is under process.

The Centre has also started Internship training Programme for the students of BS P-III and final year with GSP. HDIP, PCSIR, OGDCL, Oceanography and various cement factories.

MEMORANDUM OF UNDERSTANDING (MoU) has been signed with GPST, Pakistan for 10 licenses of an integrated Geological Studies Software (GES) worth of One million USD.

MEMORANDUM OF UNDERSTANDING (MoU) has been signed with Hydrocarbon Development Institute of Pakistan (HDIP), a National Petroleum Research & Development (R&D) Organization/an Autonomous Body under Ministry of Energy, Petroleum Division.

BS 04 YEAR (8 SEMESTERS) DEGREE PROGRAMME CH-133

Pre-requisite; H.S.C. (Pre-Engineering/ Pre-Medical). Other Groups (studies at least two subjects from Chemistry, Physics, Computer Science, and Mathematics) and Three Years Diploma in Associate Engineering (DAE) equivalent to F.Sc. with at least 45% aggregate marks and Pre-Entry Test.

COASTAL AND MARINE SCIENCE

The Centre for Coastal and Deltaic Studies (CCDS) was established in 2016 at University of Sindh Thatta Campus now shifted to Allama I.I. Kazi Campus Jamshoro as one of the parts of Centre for Pure and Applied Geology. Later on, Academic Council 2021 approved 04 years BS Degree Programme in Coastal and Marine Science under the umbrella of Centre for Pure and Applied Geology University of Sindh Jamshoro.

The aim of the Programme is to promote education, research studies, trainings and development related to marine, coastal and deltaic regions with specific focus on disasters, climate change, sea level rise, seawater intrusions and their impact on natural ecosystems/resources, infrastructure and threats to vulnerable coastal communities. The capacity building and research-based solutions for Protection, Disaster Risk Reduction DRR, Livelihood, Poverty Alleviation and Developments for Coastal region of Pakistan are the prime objectives of the Centre.

The centre has organized one-day field training on Modern Clastic Depositional Environments (Hub) Estuary), analogues of oil and Gas reservoir.

Beside this two-day field excursion on Indus River Deltaic Depositional System and Facies have also been carried out.

The teaching faculty comprises the following:

INSTITUTE OF BIOCHEMISTRY

Institute of Biochemistry, University of Sindh, was established in August 1999 with the multiple purpose of fulfilling research in the areas of Biochemistry, Clinical Biochemistry, Nutrition & Food Sciences, Bioanalytical Techniques, Bioinformatics and Molecular Biology. The main objective of the institute is to serve the people of the community, the province & the nation through the provision of the highest standards of education & training in the Biochemistry and Nutrition & Food Sciences areas, and to pursue biochemical research that will further lead to improvements in human & animal's health & welfare. Today, Biochemistry / Nutrition & Food Sciences graduate curriculum is at the forefront of many careers that help to keep human, animals and plants in healthy environment and free of disease. One should proud to be a Biochemist / Nutritionist who explores the secrets of life. The Institute has well developed Research Laboratories in the field of Clinical Diagnosis, Nutrition & Food Sciences, Molecular Biology, Bioinformatics, Bioanalytical & Toxinology Research. The institute is offering 10-degree Programmes, BS in Biochemistry, BS 3rd Year/ Master in Biochemistry, M.Phil. in Biochemistry, Ph.D. in Biochemistry, BS in Nutrition & Food Sciences, BS 3rd Year/Master in Nutrition & Food Sciences, M.Phil. in Nutrition & Food Sciences, M.Phil. in Human Nutrition and Dietetics, Ph.D. in Human Nutrition and Dietetics, Ph.D. in Food Science & Technology & one-year Diploma in Food Analysis & Food Security.

MISSION STATEMENT:

- To teach and prepare undergraduate students for position of leadership in new biology / Nutrition and Food Sciences that will continue to develop in the following decades.
- To equip them to solve and overcome the challenging problems in life sciences.
- To produce students and researchers in the field of Biochemistry and Nutrition & Food Sciences.
- The Institute Collaborates with other Institutes within the country and abroad to promote learning in order to meet the current challenges in relevant fields.
- Different scientific meetings and conferences have been organized to facilitate exchange of ideas.
- To understand the professional and ethical responsibilities of Biochemists and Nutritionists.
- To have ability to solve nutritional and biochemical problems of country and design some tools to help industries in developing improved methodologies for the production and quality of products.

INSTITUTE OF BIOTECHNOLOGY & GENETIC ENGINEERING

The setting up of a separate Institute of Biotechnology and Genetic Engineering gave a fresh impetus to the development of the multidisciplinary field of modern biotechnology and genetics. In present days, the boundaries of Biotechnology and Genetics are expanding with fantastic speed and their topic areas are turning into independent fields of specialization. Biotechnology is broadly defined as a fusion between natural sciences (such as biology, biochemistry and genetics) and technological fields. The necessity of Biotechnology was felt years back and in this regard Enzyme and Fermentation Research Laboratory was established within the Institute of Chemistry in 1989. The Centre for Advanced Studies in Biotechnology was established in January 2002 and started an M.Sc. (Biotechnology). It was then upgraded to Institute in April 2003 and started BS Genetics in 2004 and BS Biotechnology in 2014.

During this period several Ph.D. and M.Phil. degrees were awarded besides completion of seventeen (17) research projects sponsored by National and International funding agencies. So far more than 400 research articles have been published by the faculty in National and International Journals.

The challenges of 21st Century among other things would require advance and applied research activities to promote and contribute to the scientific, technological and economic development of the country.

The newly established Institute is providing teaching and research facilities in the areas of Plant Biotechnology, Industrial Biotechnology, Healthcare, Environment Biotechnology and Genetics. The Institute has established international linkages and collaborations with highly reputed research laboratories and institute, e.g. Shanghai Jiatong University China, Chinese academic of Tropical Agriculture Science (CATAS) Hainan, China, ICCBS, University of Karachi, PCSIR Karachi, NARC Islamabad, NIBGE Faisalabad, Nuclear Institute of Agriculture Tando Jam and Research & Diagnostic Lab. LUMHS, Jamshoro to overcome its resources constraints. So far, the institute has organised five international symposia on biotechnology and four national training courses on biotechnological techniques.

The main goal of the Institute of Biotechnology and Genetic Engineering is teaching and research.

- To provide basic knowledge and skills of various aspects of biotechnology to undergraduate and graduate students.
- To train the students and researchers in various fields of biotechnology and provide skilled manpower to the country.
- To provide its students with conceptual and practical knowledge in the advancing fields of biotechnology and genetics through organizing symposium, training courses, correspondence, publication of scientific research and books and articles.

The Institute is presently offering the following degree Programmes:

- BS in Genetics (8 Semesters)
- BS in Biotechnology (8 Semesters)

Experienced and competent faculty with expertise and long experience in the area are presently conducting teaching and research Programmes.

The teaching faculty comprises the following:

Muhammad Rafique, Professor and Director

DR. M.A. KAZI INSTITUTE OF CHEMISTRY

Department of Chemistry, founded in 1953 has the distinction of being the very first department under the then Faculty of Science established at the Elsa Kazi Campus of the university in Hyderabad. The department was shifted to Allama I.I. Kazi Campus, Jamshoro in 1961. The status of the department was raised to the Institute of Chemistry in 1967. The Institute was named as Dr. M.A. Kazi Institute of Chemistry in 1999 after the name of its founder Chairman & Director (Late) Prof. Dr. Mumtaz Ali Kazi.

The Institute has been offering undergraduate, graduate and doctoral research Programmes in Analytical, Organic, Inorganic and Physical Chemistry. Since its inception the Institute has catered to the human resource requirements of the country in general and the region in particular. The graduates of this Institute are holding key posts in the country as well as abroad.

The Institute has 24 spacious and equipped laboratories with highly qualified faculty. The Institute has to date awarded 53 Ph.D. degrees in addition to a number of M.Phil. since the introduction of doctoral research Programme in 1961.

The Institute also has the distinction of having two of its graduates (i) Late Prof. Dr. Zafar Hassan Zaidi and (ii) Prof. Dr. M.Y. Khuhawar, being admitted to the degree of Doctor of Science (D.Sc.) by the University of Leeds and the University of Birmingham, U.K. respectively, for their outstanding contributions towards research in their fields of specialization.

The Institute presently offers 4-year, BS Chemistry, 2-year M.Sc. (Pass) Programmes both in the Morning as well as Evening, besides MS/ M.Phil. and Ph.D. Programmes.

The teaching faculty comprises the following:

Mallah, Arfana Begum, Professor and **Director**
M.Sc. (QUI) 1998, M.Phil. (SU) 2002, Ph.D. 2012

INSTITUTE OF MATHEMATICS & COMPUTER SCIENCE

The Institute of Mathematics and Computer Science (IMCS) was established in 1986 by upgrading the Department of Mathematics, which was founded in 1953. At present its major components are Mathematics and Computer Science. The Institute developed its research Programmes for M.Phil./MS and Ph.D. (Mathematics) in 1991 and has been enrolling students since then. While M.Phil./MS Programme (Computer Science) started in 2003 and Ph.D. (Computer Science) in 2015. The Institute has also started M.Phil./MS (Bioinformatics) in 2013.

Today, Artificial Intelligence is not just a technological marvel; it is a driving force shaping our world. Its applications are boundless, from healthcare to finance. Considering the importance and contemporary demand of technological marvel of Artificial Intelligence, IMCS is introducing four years BS Programme in Artificial Intelligence starting from academic year 2024. This is a Four Year (8-Semesters) Programme under the prescribed syllabus and guidelines provided by National Computing Education Accreditation Council of HEC.

IMCS offers 4-Year (8-Semesters) Bachelor Programmes in Mathematics and Computer Science namely BS (Mathematics) and BS (Computer Science).

The Institute is committed to prepare and inculcate the students with strong theoretical and practical knowledge of mathematics and computing fundamentals so that they can apply the knowledge to identify, formulate, and solve complex computing, biological and mathematical problems by adapting and applying appropriate techniques and state-of-the-art computing tools. IMCS strictly complies with guidelines provided by National Computing Education Accreditation Council, an accreditation authority established by Higher Education Commission of Pakistan. IMCS provides a conducive environment for effective teaching and learning. The Institute has spacious classrooms equipped with multimedia facilities, laboratories with modern computers connected with high-speed Internet, Seminar library is replete with adequate number of computing and mathematics related books. Teachers and students have also access to digital libraries with ample books, journals, and magazines.

The teaching faculty comprises the following:

Keerio, Ayaz, Professor and Director

M.Sc. (S.U.) 1998, Ph.D. (Sussex, UK) 2011

Khuhro, Zain ul Abidin, Professor

M.Sc. (S.U.) 1998, Ph.D. (Essex, UK) 2011

INSTITUTE OF MICROBIOLOGY

The Institute of Microbiology was established in 1995-96 to develop indigenous manpower experts in the field of Microbiology and to increase the employability in the field of clinical, industrial, environmental and molecular biology. It offers BS four years Programme, MS / M.Phil. Programme and Ph. D. Programme with the aim to have graduates with high knowledge and research abilities and to promote them in private sectors, government organizations in order to develop the manpower with high technology, to organize interdisciplinary discussions, developing research networks and to facilitate the latest technical information pertaining to the emergence of infectious diseases, laboratory bio-safety and the self-preventive measures from the hazardous agents.

Microbiology is an exceptionally broad discipline encompassing a number of specialties. This institute has four laboratories for the BS students and two research laboratories for postgraduate Programmes. All equipment and facilities are available to students and researchers. Having a huge space, it possesses six classrooms, 120 students can be accommodated in each, one air-conditioned computer laboratory, multimedia rooms, a large auditorium, a seminar library and two research laboratories are developed from project that funded by Higher Education Commission, Islamabad in 2018. The learning process at the institute comprises a blend of lectures, practical demonstrations, presentations, assignments, group discussions, research projects, study tours, internships in various pathological laboratories, industries etc. Independent studies in the institutional seminar library and the use of computer lab. The efforts have been made by the Institute of Microbiology for collaborative research with the co-guidance of various professors and scientists of different universities and research institutions for the MS / M.Phil. and Ph.D. Programme in Microbiology to bridge the gap between the other institutes of region throughout Pakistan in the field of clinical, industrial, molecular biology, genetics and biotechnology.

The principal areas of research are:

- a. Antibacterial activity of zinc oxide (ZNO) nano-particles on clinical isolates of Gram-negative and Gram-positive bacteria.
- b. Screening of the clinical isolates for the production of protease enzymes and their role as virulence factors.
- c. Molecular characterization of antibiotic-resistant genes and mechanism of resistance development.
- d. Microbial spoilage of commercially available fruits & Vegetables.
- e. Antibacterial activity of Ginger (*Zingiber officinale* Roscoe) and Garlic (*Allium sativum* L) extracts on *Staphylococcus aureus* and *Salmonella typhi*
- f. Antibacterial effect of hots drinks (Green tea, black tea and coffee) on *staphylococcus aureus* isolated from nasal secretions of healthy individuals.
- g. Characterization of biofilm making Gram-positive and Gram-negative bacteria.
- h. Production of bioethanol, biodiesel and other organic solvents and probiotics.
- i. Biodegradation of oil and other compounds e.g. pesticides.
- j. Molecular identification of the clinical isolates.
- k. Vancomycin resistant MRSA and its molecular characterization.
- l. Isolation of bacterial pathogens from biofluid.
- m. Detection of Colibacillosis in poultry.
- n. Serological investigation of common infections.
- o. Sero prevalence of STD and Hepatitis among different age groups.
- p. Gender wise studies of bacterial pathogens of hearing loss.
- q. Molecular characterization of antibiotic producing bacteria from soil.
- r. Potential alternative natural bio-preservation.
- s. Molecular characterization of common human pathogens towards vaccine development
- t. Antibiotic resistance development and its management.

- u. Molecular microbiology and genome dynamics of pathogens isolated from various clinical specimen.
- v. Molecular epidemiology of HCV infection in different regions of Sindh.
- w. Antimicrobial resistance in bacteria.
- x. Rise factors of H. Pylori infections in different regions of Sindh.
- y. Molecular Biotechnology, Bio-informatics analysis, Genome sequencing, Environmental microbiology with special reference to public health.
- z. Microbial compounds as therapeutic agent and vaccine antigen, Mechanism of antibiotic resistance.
- ai. Prevalence of Hepatitis-B & Hepatitis-C viral infections among the population of Hyderabad Sindh.
- bi. Sero-Prevalence of Human Immuno deficiency virus (HIV) among infecting drug-users in district Sanghar Sindh.
- ci. Bacteriological and Physicochemical analysis of drinking water.
- di. To analysis the antibacterial activity of Cassia fistula and Hina against skin pathogen bacteria.
- ei. Study of Antibacterial activity of different medicinal herbs on bacterial causing urinary tract infections.

The teaching faculty comprises the following:

Tunio, Sarfraz Ali, Professor and **Director**
B.Sc. (Hons.), M.Sc. (SU), Ph.D. (UK)

Memon, Shaista Bano, Associate Professor
B.Sc. (Hons.), M.Sc. (SU), Ph.D. (UK)

INSTITUTE OF PHYSICS

Institute of Physics (formerly Department of Physics) is one of the oldest departments (established in 1955) of University of Sindh Jamshoro. It was upgraded and named as Institute of Physics and Technology in 1979. In 1998 Physics and Technology disciplines were separated and given independent status as Department of Physics. Department of Physics was again upgraded to the present status of **Institute of Physics** in 2005.

Institute of Physics offers BS (four year) degree Programmes in Physics. In addition, it offers MS/M.Phil. and Ph.D. degree Programmes in the following areas:

- I. Experimental High Energy Physics
- II. LASER Spectroscopy
- III. Neuro Physics
- IV. Condensed Matter and Material Physics
- V. Semiconductor Physics
- VI. Ion Trapping
- VII. Nanotechnology

The teaching faculty comprises the following:

Shaikh, Nek Muhammad, Professor
M.Sc. (QAU) 1993, Ph.D. 2007 (QAU) Islamabad

Mari, Riaz Hussain, Professor & Director
M.Sc. (SU), 1999, Ph.D. (Nottingham, UK) 2011

INSTITUTE OF PLANT SCIENCES

The teaching of Plant Sciences at the University of Sindh began in 1954, when Botany and Mathematics were among the first science subjects introduced at the postgraduate level. The discipline was initiated under the guidance of Mr. S.W.S. Qadri, Professor of Botany at Government College Hyderabad, with only four students in the first batch. From these modest beginnings, the Programme has grown remarkably over the decades, laying the foundation for what is now the Institute of Plant Sciences (IPS) - a leading center of botanical education and research at the University.

Over the years, the Institute has flourished and now accommodates more than 700 students. The former Department of Botany was upgraded to the Institute of Plant Sciences (IPS) in 2008, reflecting its academic expansion and growing research profile.

The Institute presently has a dedicated and qualified faculty comprising 06 Professors, 04 Associate Professors, 03 Assistant Professors, 01 Lecturer, 01 Curator-cum-Lecturer, and 02 Teaching Assistants. It is equipped with modern laboratories, a well-established Herbarium, and a vibrant Botanical Garden, providing an excellent learning and research environment.

The Institute introduced M.Phil. and Ph.D. Programmes in 1965, becoming the second department in the Faculty of Science, after Chemistry, to offer these advanced degrees. Since then, the Institute has produced over 35 Ph.D. and 85 M.Phil./MS scholars, while more than 500 research publications have been produced by its faculty members and research scholars in reputed national and international journals.

Committed to advancing plant sciences and promoting environmental awareness, the Institute strives to impart up-to-date knowledge and practical skills to its students and the wider community.

The Institute of Plant Sciences currently offers BS (4-year), MS/M.Phil., and Ph.D. degree Programmes in Botany, as well as a BS (4-year) degree Programme in Forestry, along with various short courses and training modules designed to enhance professional and practical expertise. These include Kitchen Gardening, Nursery Establishment and Management, Compost Preparation, Rooftop Gardening, Mushroom Cultivation, Plants in Interior Decoration, Vertical Farming, Plant Grafting Techniques, Urban Agriculture, Botanical Illustration for Beginners, Applied Plant Taxonomy and Field Identification Skills, and Herbarium Techniques.

Students are encouraged to select courses that provide a broad foundation in Plant Sciences and allied Natural Sciences, while also allowing specialization in their chosen areas of interest.

The teaching faculty comprises of the following:

Memon, Rabia Asma, Professor & Director

M.Sc. (SALU), Ph.D. (SALU) 2005

Qureshi, Sadaf Tabasum, Professor

M.Sc. (S.U.), M.Phil. (Q.A.U.), Ph.D. (Q.A.U) 2010

DEPARTMENT OF ANTHROPOLOGY & ARCHAEOLOGY

Anthropology and Archaeology is an integration of knowledge of the past, present and future of humankind. Anthropology offers a holistic study of humans. Anthropology deals with the biocultural, socioeconomic and political evolution and contemporary issues of humans, societies and cultures, while Archaeology is the study of prehistory and cultural history of civilization and societies through material remains. Anthropology addresses the most pressing challenges humans face and experience on the planet earth and archaeology is concerned with the past life style and growth of civilization.

The establishment of this department fulfills a long-term desire of scholars and intellectuals to which has now been added the demand of Government and NGOs to produce professionals in order to explore, save, and preserve anthropological and archeological heritage, sites, and cities which are being destroyed by human and natural factors. The University of Sindh has therefore established the Department of Anthropology and Archaeology to produce trained professionals in Anthropology and Archaeology to pursue careers in public and private sector, national and international organizations. Anthropology, for instance, specifically has introduced research and applied approaches through medical anthropology, environmental anthropology and development anthropology.

This department is imparting knowledge of both the disciplines from academic session, 2008, by introducing the 8-semester BS 4-year Programme in Anthropology and Archaeology. During the first four semester students will study combined core courses and after that they will study major courses in both Anthropology and Archaeology. In the third year the students will be required to opt for special courses in either Anthropology or Archaeology. The degrees will be accordingly awarded in the respective subject, i.e., BS Anthropology or BS Archaeology.

The teaching faculty comprises the following: -

Channa, Abdul Razaque, Assistant Professor (Anthropology) and **Incharge Chairman**
M.Sc. Anthropology (QAU) 2004, M.Phil. (QAU) 2007, Ph. D (Australian National University) 2016, Post Doctorate (Harvard University USA) 2020

DEPARTMENT OF EASTERN MEDICINE & SURGERY

About the Department:

Professional education in health care systems is inevitable for human progress and prosperity. Compatibility of available qualified human resource with requisite scientific knowledge is essential, both for providing general services on medical practitioners' level and also for educational institutions as qualified teachers and researchers.

This led the University of Sindh, Jamshoro established new department entitled "Department of Eastern Medicine and Surgery" (DEMS) in 2023. A five years' professional degree Programme Bachelor of Eastern Medicine and Surgery (BEMS) started in 2024 under the umbrella of the Faculty of Natural Sciences. BEMS Programme of University Sindh is approved from Nation Council for Tibb (NCT), Pakistan, The University of Sindh, Jamshoro is pioneer in public sector universities of Sindh province to provide training and educating the individuals to harness the full potential of the discipline. The infrastructure of the department meets all the criteria of conducive learnings. The classrooms are spacious, well-furnished and equipped with the multimedia facility. The state-of-the-art laboratories with latest tools facilitate the students in learning all theoretical concepts experimentally. Moreover, the library provides the complete information resource such as; textbooks with latest editions, technology magazines and online platforms to access research articles and theoretical updates.

Objectives of Programme:

Traditional and Eastern/Unani Medicine, particularly is to support well-being of people, whether practicing in Pakistan or elsewhere. The efficacy of substances or drugs being used should have scientific base either developed with the support of modern technology or those which originate from natural resources like minerals, plants or animals and enjoy their established, time-tested and human-tested efficacy status as panaceas through centuries, and exhibit broader application and acceptance like the compound drugs (polyherbal /multicomponent – Murakabaat) in South Asia.

For such and many other reasons, like national identity for the promotion of Eastern/indigenous/Unani substances and technology internationally and also to prevent any further loss of traditional knowledge (Eastern/Unani) which is generally inherited like genes, are required to be protected. This is with the intention to correct any neglect if observed on the part of the practitioners.

It is for this reason that the BEMS degree Programme at the levels of under-graduate has been designed. The curricula may not vary considerably from other similar Programmes of studies offered elsewhere in other systems including Allopathy, Complementary/Eastern/Unani as scientific advancements benefit all disciplines, but it is only the difference of philosophy and application which may distinguishes each system, the critical difference which matters.

The teaching faculty comprises the following:

DEPARTMENT OF FISHERIES AND AQUATIC SCIENCE

The Department of Fisheries and Aquatic Sciences was established in 1973 as Department of Fresh Water Biology & Fisheries at Allama I.I. Kazi Campus, Jamshoro. Later on the nomenclature of the department was recommended to modify as “**Department of Fisheries and Aquatic Sciences**”, in 48th of studies in 2022 and was approved by the 43rd academic council meeting in 2023.

The Department offers BS, M.Sc. Programmes and MS/ M.Phil. and Ph.D. degree Programmes by course studies and research. It has produced thirty-five M.Phil. and fifteen Ph.D. since its inception and a number of scholars are presently registered for M.Phil. Ph.D. studies. Thesis is mandatory for the Bachelor students to fulfill their degree requirement. The department has produced well-qualified human resources, engaged in the Government and private sectors in the field of fisheries and agriculture etc.

Fisheries are a significant aspect of the global economy and play a crucial role in providing food, livelihoods, and economic opportunities for millions of people worldwide. Fisheries refer to the activity of catching, harvesting, and managing fish and other aquatic organisms from various aquatic resources, such as oceans, seas, rivers, lakes, and ponds.

Fisheries contribute to global food security by providing a significant source of quality aquatic protein for human being. They also support livelihoods and employment for millions of people, including fishermen, fish farmers, processors, and traders.

These are large-scale operations focused on catching fish and other aquatic species for sale in markets. These involve small-scale, traditional fishing practices that are often carried out by local communities for subsistence and local trade.

In general, the department is concern with the fisheries and aquaculture. Where it contributes the controlled culture of aquatic organisms, including fish, shellfish, and aquatic plants. Whereas, the fish production is declining sharply in the natural resources due to climate change and other factors. Same time this department contributes in finding new ways and methods to increase the fish production. Simultaneously, carrying out the research for conservation of aquatic species, including measures to protect endangered species, restore degraded habitats, and regulate pollution.

Scope:

Fisheries and Aquatic Sciences careers scope in Pakistan opportunities jobs salary requirements guidelines for administration, courses and start future with water resources biology. Fisheries are social, biological and geographical objects involved in producing fish for human consumption. They are usually united of factors a common geographical area, catch techniques and targets species, and fisheries are the study of factors affecting catch and stock sustainability. Today, fishing remains the largest extractive use of wildlife in the world. About 94% of all freshwater fisheries occur in developing countries. They provide food and a livelihood for millions of the world's poorest people, and also contribute to the overall economic wellbeing by means of export commodity trade, tourism and recreation.

Fish is an important subsistence food source in an area where grocery stores are filled with highly processed and expensive food that is flown in from the south, and fishing is a culturally and spiritually important connection to a traditional way of life.

Objectives:

- To produce well qualified human resources for fisheries sectors.
- To carry on the research for enhance Fishery production and produce quality aquatic protein.
- To investigate the ecology of aquatic organisms in the context of the physical, chemical, and geological characteristics of the fresh water environment in which they live.
- To train the aquaculture and fish hatchery support workers.
- To conduct awareness seminars and conferences for increasing knowledge and importance of fisheries for human welfare and country development.
- Conduct activities to improve fish stocks, hatching, fish growth, and to prevent disease.
- To train progressive fish farmers to promote fish farming to enhance food security and uplifting the socioeconomic conditions of small farmers.

DEPARTMENT OF PHYSIOLOGY

Department of Physiology was established by University of Sindh in 1974. Professor Dr Abdul Qadir Ansari was the founder chairman of the department. This department has very significant role in the advances of applied biological and health sciences. Physiology Department University of Sindh Jamshoro is the second one outside medical colleges/universities in Pakistan. This is serving the nation by teaching and research programs in basic, experimental, and applied physiology, at undergraduate and graduate levels. Healthy atmosphere committed working, highly qualified teaching faculty, well equipped computer added experimental/research laboratories and seminar library with digital library system are main symbols of entity of the Physiology department. This department is playing an active role in the advancement of field, with a variety of vigorous research programs supporting undergraduate physiology education and graduate studies in the relevant fields. Since years the Alumni of Physiology department having degree of BS (4-years), B.Sc. (Pass) BS (TYP SL), BS (MLT) Morning & Evening Programmes, BS (Public Health), DPT, M.Phil. (Physiology) and Ph.D. (Physiology) are in the stream line services inside county and abroad.

Presently we offer **BS-Physiology, BS-Medical Laboratory Technology (Morning & Evening shifts), BS (Thind Semester Entry (Physiology)), BS (Public Health), DPT** at undergraduate level and **MS/M.Phil. & Ph.D. programs** at graduate level with special interests in the fields of Endocrinology, Reproductive Physiology, Histo & Pathophysiology, Neuro-Physiology, Hematology Pharmacology, Toxicology, Molecular Biology and Epidemiology.

Mission

The department mission is to continue the pursuit of excellence in the emerging, creative and scientifically responsible leadership trough learning input and develop research environment of international standards.

Vision

Department desires to be one of the top physiology institutes in the country and to be recognized national and global as "The institute of excellence in teaching, research, parents and services to human health".

Achievements

Department has HEC funded projects and its faculty has published several national and international papers in reputable journals.

Graduation Requirements

To receive the degree of BS in Physiology, BS Medical Laboratory Technology, BS (Public Health) & DPT, a student must fulfill all requirements of the degree programs, complete all the assigned courses of 136 credits (including internship, with an overall grade point average (GPA) of 2.5/4.0.

The teaching faculty comprises the following:

DEPARTMENT OF STATISTICS

The Department started functioning in 1964 and within three years, it became a full-fledged department. In 1972, it was merged with the Department of Mathematics in July 1978 it was separated again. Since then, it has been working as an independent department, offering 4-year BS (Stat), M.Sc. and Diploma Programmes. The M.Phil./Ph.D. Programmes have been introduced from the 2002 session. The department has well equipped Computer Laboratories and senior qualified and trained faculty. The importance of Statistics is growing day by day in every field of life and there is increasing demand for trained and qualified personnel.

There are numerous public and private organizations in Pakistan where qualified manpower in Statistics is needed. The job opportunities are available at Government level in the Statistics Division and its four departments, i.e., Federal Bureau of Statistics, Population Census Organization, Agricultural Census Organization, Pakistan Institute of Training and Research, Bureau of Statistics and other organizations at provincial level. A number of Research Papers on different Statistical topics have been published by the faculty in National and International Journals. In addition, **there are number of scholars has been completed and enrolled for MS/M.Phil. & Ph.D. Programmes in Statistics each year.**

The teaching faculty comprises the following: -

Qureshi, Naeem Ahmed, Professor and **Chairman**
M.Sc. (S.A.U) 2004, Ph.D. (University of Munich, LMU Munich, Germany) 2015

DEPARTMENT OF ZOOLOGY

INTRODUCTION

The Department was established in 1956; it was shifted at the Allama I. I. Kazi Campus, Jamshoro in 1961 and to its present premises in 1965. Two of its new laboratories were constructed in 1993 and were named after the former chairman, Late Prof. S. Ishfaq Hussain Shah who died to heart failure on August 27, 1991. Since its inception, the department had been imparting instructions for the 3-year B.Sc. (Hons.) courses and one/two-year M.Sc. Degree Programmes. Currently Department is operating with 4-yr BS Programme Morning 2-year M.Sc. Programme since 2003. From academic year 2021, the Department has achieved another milestone to launch 4-yr BS Programme Evening. It has been disseminating specialized knowledge in the five fields of Entomology, Parasitology, Vertebrate Biology, Endocrinology and Genetics. From academic year, 2023 Department of Zoology has started another 4-yr BS Programme in Poultry Farming & Management. This discipline is of prime importance in current scenario. The Department also offers Programmes leading to M.Phil. and Ph. D Degrees in these specialized fields. It has produced 60 Ph.Ds. and 130 M. Phil's, since its inception. Present enrolment in the Department is 1050 including M.Phil. / Ph.D. students. The Department has been progressing steadily and at present it is the second largest department in the Faculty of Natural Sciences, University of Sindh.

MISSION

To develop students and scholars with academic, research and professional knowledge with expertise in the areas of animal sciences to motivate society for the better understanding of Zoology and its economic benefits in applied fields. Moreover, the degree of Poultry Farming & Management will motivate the graduates to utilize their expertise in the field of Poultry.

VISION

To develop Department of Zoology as a leading Department of the Faculty of Natural Science and its further upgradation as an Institute.

The teaching faculty comprises the following:

Presently the teaching faculty comprises: 03 Professors, 06 Associate Professors, 06 Assistant Professors, 06 Assistant Professors (Adhoc) and 01 Lecturer.

FACULTY OF PHARMACY

The Department of Pharmacy established in 1974, was upgraded to the institute of Pharmacy in 1999 and became Faculty of Pharmacy on 2nd May 2005, constituting four Departments, i.e., Departments of Pharmaceutics, Pharmacology, Pharmaceutical Chemistry and Pharmacognosy. Later on the recommendation of Pharmacy Council of Pakistan and Higher Education Commission, Department of Pharmacy Practice is also established as fifth component Department in the Faculty of Pharmacy.

Earlier it offered courses leading to the degree of B. Pharmacy (4 years program). However from 2004 session, nomenclature of the degree is changed to doctor of Pharmacy (Pharm. D.) and it has been made five years (10-semester) degree program. Pharm. D. degree is offered jointly by five component departments. The Faculty also offers M.Phil./Ph.D. in the field of Pharmaceutics, and M.Phil in the field of Pharmacology. The faculty comprises of skilled professionals.

The Faculty has to date produced 2800 pharmacists out of whom more than 90% are working in different professional organizations of national and international repute. At present the faculty has on its role 1036 local students in both morning and evening batches and about 40 (both Male and Female) from more than 06 different countries, that give a look of international gathering.

The component departments are:

- (1) Department of Pharmaceutics
- (2) Department of Pharmacy Practice
- (3) Department of Pharmacology
- (4) Department of Pharmaceutical Chemistry
- (5) Department of Pharmacognosy

FACULTY OF SOCIAL SCIENCES

The faculty of social sciences located at the heart of the University of Sindh main campus in the educational city of Jamshoro welcomes all the students, scholars and researchers who have entrusted us for the most important phase of their academic journey. We are proud to have a long tradition of offering excellent quality education and research in a green, positive and peaceful academic environment.

The faculty offers a range of degree programs in the disciplines of Criminology, Economics, Far East & South East Asia Studies, Gender Studies, History, International Relations, Library Information Sciences and Archive Studies. Media and Communication Studies, Pakistan Studies, Political Science, Psychology, Public Administration, Rural Development Communication, Sindh Development Studies, Social Work and Sociology.

The academic team of the Faculty of Social Sciences has highly qualified, enthusiastic and experienced faculty members with large number of them holding PhD degrees and post-doctoral qualifications from national and international universities of repute. They believe in imparting quality education and striving to equip students with high quality knowledge, values of critical thinking, interpersonal, academic, research and professional skills to prepare them for actively and effectively responding to the growing social demands and challenges at national and international journals. Several faculty members have received research projects funded from Higher Education Commission of Pakistan and other agencies.

The Faculty is home to quality research and publication regularly publishing several HEC recognized research journals. The journals publish under the umbrella of Faculty of Social Sciences include 1) Asia Pacific: Annual Research Journal of Far East & South East Asia, 2) Grass Roots, 3) Research Journal of Social Sciences, 4) The Government: Annual Research Journal of Political Sciences, 5) The Women: Annual Research Journal of Gender Studies.

I am proud to be associated with this Faculty as the Dean. I welcome all the present and future students, Scholars and researchers in this Faculty. I invite you to explore, utilize and take maximum benefit of all the human, material and academic resources gather in this Faculty for your grooming. I am sure that the Faculty of Social Sciences will provide you an excellent, exciting and challenging learning experience along with prospects of promising career path after graduating from this institution.

ABIDA TAHERANI SINDH DEVELOPMENT STUDIES CENTRE (ATSDSC)

Abida Taherani Sindh Development Studies Centre (ATSDSC) established in July 1985, provides undergraduate and postgraduate teaching in development economics and conducts socio-economic research and training on development-related issues, particularly in Sindh Province. Through collaborative research and training, ATSDSC maintains close links with several national and international research organizations. From 1991, it availed academic linkage with Wye College, University of London and benefited from the exchange of teachers and training of staff. The Centre housed in its purpose-built building is equipped with state-of-art resource and information unit, conference hall, computer and audio-visual facilities. The Centre provides four categories of expert services, which include Graduate and Post-Graduate Degree Programmes, Academic Research Programmes, Applied Research and Information Sharing.

The Centre is offering an M.Phil./Ph.D. in Development Studies and has recently produced 16 Ph.D. scholars. Presently, 08 students are enrolled in Ph.D. and 36 in MPhil. ATSDSC has produced its twelfth batch of the BS four years' Programme in Rural Development since 2009. This is a unique opportunity for students interested in acquiring fundamental knowledge of rural development issues, particularly related to socio-economic aspects of the rural and agriculture-based economy, in Pakistan and around the globe. The Programme mainly emphasizes theoretical, analytical and policy perspectives pertaining to agriculture, livestock, irrigation, fisheries, forests, gender and institutional aspects necessary for rural development.

In the year 2023, the Centre has offered a new BS four years' Programme in Disaster Management. This Programme is a golden opportunity for students interested in pursuing high-quality education related to disaster management issues, specifically in Pakistan and the world in the wake of frequent disasters during the last few decades. The Programme largely focuses on theoretical and analytical aspects pertaining to the management of natural disasters, like floods, earthquakes, landslides, forest fires, cyclones, droughts (and famine), and man-made disasters, like oil spills, mega transport accidents, violence (and conflicts), and traffic congestion, considering pre-and-post-disaster socio-economic, climate change and environmental issues relevant for policy making and implementation. Hence, this Programme aims to produce professionals and specialists for public and private sector institutes and organizations both at national and international levels, like National Disaster Management Authority (NDMA), PDMA, Pakistan Red Crescent Society, the UN office for Disaster Risk Reduction (UNDRR) in Pakistan, UNEP, USAID, and so on.

DEPARTMENT OF ECONOMICS

Economics is concerned with the way individuals or societies allocate scarce resources and distribute goods and services. Any situation requiring choice among competing alternatives can be viewed as an economic problem. Economics courses enable students to study the way individuals make these choices (microeconomics), the way governments make these choices (public choice), and the aggregate consequences of these choices (macroeconomics). In addition, the Economics curriculum addresses international trade, money and banking, and economic development of the less developed nations.

The Department of Economics is one of the oldest Departments of the University; it was established in the year 1953-54 and recognized nationwide for its importance in the teaching excellence and prospective research activities. The department of Economics is largest one in the faculty of Social Sciences in terms of students' enrollment which stands close to 660. At present department consists of 15 faculty members and most of them have to their credit education and training from reputed Universities of Pakistan as well as from abroad.

The Department offers BS 4-year Programme in economics and 2-year master in economics.

An important aspect of the department's educational approach is the emphasis placed on students' involvement in research, independent study and the creative process as complements to classroom study as well as independent research in laboratories, field study, participation in writing workshops. The Department integrates into the curriculum Programme and courses which involve students in original research and creative activities.

The different Programme and courses of Economics aim to:

- Introduce the students to an understanding of the domain of economics as a social theory.

- Introduce the students to the main analytical tools which are used in economic analysis.
- To introduce to students, the main conclusions derived from economic analysis and to develop understanding of their organizational and policy implications.
- To enable students in participating in debates on economics matters.

Seminar Library and Electronic study materials:

All of the printed materials of economics are available at seminar library Department of Economics, also there is a computer lab where all the resources are available to download related materials, to give you flexibility in how and where you study total number of books of seminar library Department of Economics are approximately 8500.

DEPARTMENT OF HISTORY

The Department of History is one of the oldest Departments of the University of Sindh. Initially this department was spatially attached with the Department of Economics and then with the Department of Political Science. It however, gained its independent status in February 1959. In September 1971 the Departments of General History and Muslim History were merged under the name of History. Again in 1978 it was bifurcated into General History and Muslim History. The curricula of General History have been revised and updated from time to time. The Department offers twenty-six courses for the 4-year BS degree Programme, providing advanced and up to-date knowledge of Historiography & Research Methodology, Muslim Rule in South Asia, History of Modern Europe, History of Modern Muslim World, and the History of Pakistan, particularly Sindh. This department has also started M.Phil. Programme. The students of this Department under the guidance of their teachers have formed "Historians Forum". The forum provides opportunity of debates and discussion on important topics.

DEPARTMENT OF MEDIA & COMMUNICATION STUDIES

The Department of Media and Communication Studies was founded in 1977 as the Department of Journalism. Then it was renamed as the Department of Mass Communication in 1985. However, considering the latest job-market requirements, this department was again renamed as "THE DEPARTMENT OF MEDIA AND COMMUNICATION STUDIES" in the year 2013. It trains students for career in the fields of communication and journalism offering 4-year BS and 2-year Master of Arts (MA) degree Programme in Media and Communication Studies. The courses of both Programme have been designed to provide professional education with theory-cum-research and practice-oriented approach in everyday life like situation and meet the needs of the job-market and professional fields i.e., print media, electronic media, journalism, advertising, public relations and development support communication.

The Department has a well-stocked seminar library with a fine collection of more than 3500 latest books, periodicals and also has two well-equipped media laboratories, comprising sufficient number of computers, well-established TV Studio, video cameras, editing processors, tape recorders, multimedia projectors and laser printers etc.

Moreover, to train the students to be media practitioners, this department publishes two publications i.e. weekly newspaper "Roshni" and monthly magazine "Shaoor", both trilingual (English, Sindh and Urdu). Therefore, the students are required to report and write news stories, columns, articles and features for weekly newspaper 'Roshni' and monthly magazine 'Shaoor'. Additionally, under these Programme students are treated as student *journalists* who would one day be called upon to accept the responsibilities for administrative or supervisory positions in national and international media organizations.

DEPARTMENT OF SOCIOLOGY

Sociology is a leading academic discipline within the domain of Social Sciences and Liberal Arts. It is a tool to produce systematic knowledge about the social structures and social process of human society. To this connection, department of Sociology was established at Hyderabad Campus in 1964 Prof. Shafi Muhammad Memon as its first chairman. Later the department was shifted to Allama Iqbal Kazi Campus Jamshoro in 1970. This Department has been imparting quality education. Courses have been designed to equip students with professional skills and knowledge relevant to the changing needs of society. Many of the graduates of this department are currently holding executive positions in private as well as government sectors.

The department is equipped with well-furnished seminar library and advanced computer laboratory to provide latest books to the students both in hard copies and electronic versions. Research is the basic hallmark of the department. Department has established links with NGOs and the wider community. The faculty is well equipped with up-to-date research tools and techniques. Students are enrolled in M.Phil. Programme are working hard on their research dissertation under the guidance of qualified faculty.

There are more than one thousand students enrolled in undergraduate Programme (BS Sociology) as well as Postgraduate Programme (M.A., M.Phil., MS and Ph.D. in sociology). The focus of department's postgraduate Programmes to produce quality research on current social issues of Pakistani society.

The department has established linkages with both governmental and non governmental organizations to facilitate the passing graduates to pursue their professional careers in the fields of their own choice.

The backbone of department's strength is its highly qualified faculty members. Majority of them are Ph.Ds. They strive to create in students the "Sociological imagination" which signifies the abilities to see their lives, concerns, problems and hopes as entwined within the larger social and historical context in which they live. This develops in students the skills critically and creatively to make their visions broader to envisage and encompass the existing social framework and enable them to apply their theoretical knowledge to the solution of the social problems around them.

SINDH UNIVERSITY LAAR CAMPUS BADIN

The University of Sindh, the 1st University of Pakistan established in Karachi under Sindh University Act xvii of 1947, published in the Sindh Government Gazette in April 1947. It was relocated in Hyderabad in 1951 and started functioning as teaching University whereas prior to this it was examining body. Realizing the dire need to provide access to higher education to people living in far flung areas with mediocre infrastructural facilities, such as in Laar region, the University established Laar College at Badin (S.U.L.C) as a constituent college of the University in 2007. The rationale behind this establishment was to provide opportunity of higher education access at their doorsteps to the inhabitants, particularly girls of Laar region, consistent with the education benchmarks prevailing in the competitive higher education industry in the global arena. The College has been re-designated as Laar Campus at Badin in 2011. Laar Campus Badin is 100 km far from Hyderabad, 120 km from Jamshoro, and it lies at 93 km east of Thatta, 98 km west of Mithi, 50 km south east of Tando Muhammad Khan and 200 km from Karachi.

The University of Sindh has made it possible to provide facilities to cater to the needs of the students by arranging scholarships on the basis of merit-cum-poverty free of cost high speed internet, classrooms equipped with multimedia, computer laboratories with internet facility, Seminar Library with good number of latest Books, Newspapers in various languages, sports facility, Pick and drop transport facility for nearby towns of district Badin, play ground, standby generator, Girls common room, in-campus car parking, water purification system installed with Electric water coolers, one day study tour, arrangement of Seminars/Workshops/Popular Lectures etc.

MOHTARMA BENAZIR BHUTTO SHAHEED SINDH UNIVERSITY CAMPUS

DADU

University of Sindh is the oldest University of Pakistan which was established in April 1947 in order to impart quality education to the rural masses of the area. University of Sindh has established its campus in 2011 at Dadu under the **President of Pakistan's directives, fulfilling the vision of Shaheed Mohtarma Benazir Bhutto** who was keen to disseminate education in Pakistan particularly in rural areas, with the untiring efforts of the Senior Minister of education, Government of Sindh.

The establishment of Dadu campus facilitates increasing number of college students of districts of **Dadu, Naushehro Feroze and Jamshoro (Sehwan & Bhan Saeedabad)** who in spite of their keen interest, cannot pursue higher education in Jamshoro / Hyderabad / Karachi due to socio-economic constraints. Poverty is major problem of the rural Sindh and is a barrier for seeking higher education.

Therefore, the University of Sindh has timely established its campus at Dadu which goes a long way for the **betterment and enhancement of education** in the province. It is presently housed in Ustad Bukhari Government Degree College Dadu premises while the Government of Sindh has allotted 50-00 acres of land free of cost in April 2012, at the distance of one kilometer in the south of Dadu city for establishment of Sindh University Campus, Dadu. The development work has been started. The plans are also underway to construct the campus building.

DIRECTOR STUDENT AFFAIRS

Welcome to the Department of Student Affairs (DSA). Our main objective is to facilitate students throughout their stay at the university. DSA provides a wide range of activities, services and resources to students in their academic, co-curricular and professional pursuit. The department also aims to remove the hurdles which can impede progress of students.

We believe that education is not only about influx of information, but it is also about imparting values and ideals that help students to have an objective and sober stance about society. Therefore, the department is striving to make students feel proud and instilling the spirit of tolerance, compassion and commitment.

DSA is striving hard to engage the youth in healthy activities such as sport competitions, festivals, rallies, seminars, workshops, trainings and other creative Programme at the University of Sindh,

Objectives to be achieved:

- To provide an atmosphere of unity within the student body so that they may be able to have a good university experience and earn the respect of both the student community and the society at large
- To support the university administration in promoting physical, intellectual, cultural and spiritual wellbeing of students
- To inculcate new knowledge in students for human development and social transformation
- To create an environment of open discussion, inquiry and self-expression to ensure the personal freedom
- To promote a healthy and positive attitude among students in order to make them not only better citizens, but also better future leaders.

Vision:

The vision of the Directorate of Student Affairs resonates with the vision of the University of Sindh i.e., providing students with art facilities and quality education which can enable students to be responsible, tolerant, peaceful and empowered leaders.
